Dulles Says Quemoy and Matsus Won't Be Traded for Cease-Fire

Will Strike Back

Egypt Warns Israel Against Armed Attack

CAIRO, Egypt (AP)—Egyptian Premier Gamel Abdel Nasser announced today the Egyptian army has been ordered "to retaliate by force" against any future Israeli attacks

The head of Egypt's military ruling group told cheering students at the Egyptian Military College "If we enter war, we will give Israel a lesson it will never forget"

Nasser's warning to Israel came after 36 Egyptian soldiers and 2 civilians were killed in fighting with Israeli forces on the outskirts of Gaza Monday night

It was also an answer to Israeli Premier Moshe Sharett s statement to his Parliament last night in which he said 'it is up to Egypt to decide" whether the Palestine war breaks out again

Refugee-packed Gaza, chief town of the small Egyptian-held strip of Palestine, was reported quiet today after two days of Arab rioting and attacks on United Nations' property which followed the clash with the Israelis

The U N truce chief for Palestine Canadian Gen E M Burns, visited the city today and inspected the damage done in the riots He refused comment, saying he would have to wait the report of the Mixed Armistice Commission investigating the Egyptian-Israeli battle

Burns said he has protested to the Egyptian Foreign Office about the rioting and attacks on U N property and had demanded protection for U N personnel.

The U N. Security Council will meet in urgent session at its New York headquarters Friday to discuss Egypt s charges of Israeli aggression near Gaza

David Stephen, Gaza district director of the U N Works and Relief Agency said the destruction of two UNRWA food depots in the Gaza strip by rioters yesterday caused about $75 000 damage according to first reports Maj Gen Abdullah Rifaat, governor of Gaza, said the two depots held a month's food for 50 000 of the Arab refugees who made up the bulk of the rioters.

Stock Market Boom Sound, Probers Told

Senate Committee on Banking Checking as Prices Pass '29 Peak

WASHINGTON (AP)—The President of the New York Stock Exchange G. Keith Funston, said today the 18-month-old boom in stock prices rests on firm foundations and does not foreshadow any 1929-type crash

Funston was the first witness called by the Senate Banking Committee in a 'friendly study ' of the stock market—the first such congressional inquiry since sensational hearings of 1933 and 1934

Chairman Fulbright (D-Ark) who applied the term "friendly' to the investigation, said in an advance statement its purpose is 'education, not accusation" Fulbright said the committee wants to find out if changing government and business policies have influenced the present behavior of the stock market for good or ill"

The committee's senior Republican Sen Capehart of Indiana, spoke out in blunter language, declaring in an interview

"My interest is to find out if there is any skulduggery or rigging of the market I have no reason to believe there is but I

(Turn to STOCKS Page 14)

County Grand Jury Raps Prosecutor, Sheriff in Summit

AKRON, Ohio (AP)—Summit County grand jury members returned 18 indictments yesterday, saying

"We feel obligated to report a definite and unconditional declaration of censure for indifference to duty on the part of the sheriff and the county prosecutor in connection with the gambling law violations covered by our indictments"

Sheriff Raymond E Woodard and Prosecutor Alva J Russell were identified in the report only by title

The report said that even such handicaps as lack of funds staff and public cooperation "do not excuse the responsible officials for failing to stop these flagrant and persistent violations of the anti-gambling laws"

Virus Infection Believed Cause Of Girl's Death

CLEVELAND (AP)—Coroner Samuel R Gerber said today a rare and massive virus caused the death of Ann Boardman Moritz, 21-year-old daughter of one of the nation's leading legal medicine experts

The coroner said an autopsy had eliminated all normal causes of death The virus the exact nature of which could not be determined invaded the heart lung and brain of the victim in a 'sudden, acute and catastrophic attack" he said

The girl, apparently dead more than 24 hours was found in her bed by a neighbor yesterday while her parents were visiting in Lincoln, Neb

Dr Moritz has been head of the Western Reserve University pathology department since 1949 From 1937 until then he was a professor of legal medicine at Harvard University and served as a pathologist to the Massachusetts state police and the Massachusetts department of mental health.

There were no signs of violence and nothing to indicate suicide Dr Gerber said He called Miss Moritz a "healthy happy, lucky, well-to-do girl' who was ' gay about her coming marriage"

Army Passes Sentence on GI

Former POW Found Guilty of Aiding Reds

FT BRAGG, N C (AP)—M Sgt William H Olson today received a sentence of two years' confinement at hard labor, and dishonorable discharge, following his conviction by a court-martial on charges of collaborating with the enemy while a prisoner of war in Korea

The sentence also carried forfeiture of all pay and allowances

Olson stood erect as his sentence was read saluted the court, and then resumed his seat at the table with his counsel and bowed his head in his hands.

The 40-year-old Army career man was convicted last night on three of the seven specifications against him He was convicted of making an anti-American speech of praising enemy treatment of prisoners of war and of writing pro-Communist articles for the prison camp newspaper

He was visibly shaken when the court, after nine hours of continuous deliberation announced the verdict Tears came to his eyes as he told reporters

"I feel I was not the only man on trial in this case Every man who was a prisoner of war or who will be a prisoner of war was on trial."

Boy, 2, Falls 10 Stories; May Live, Physician Says

JERSEY CITY, N J (AP)—A 2-year-old boy fell 10 stories from his apartment onto a newly plowed lawn yesterday The boy Walter Nadella Jr , suffered a fractured rib injured spleen and concussion Doctors at Jersey City Medical Center said after an hour-long operation he had a good chance to live.

Senator Sees No Change in China Policy

Knowland, Colleagues Differ on Ike's News Conference Remarks

WASHINGTON (AP)—Sen Knowland (R-Calif) said at the White House today that he sees no new policy in President Eisenhower s statement that this country is not going to be a party to an aggressive war" to recover the Chinese mainland for Chiang Kai-shek

That interpretation of the President s news conference remark took place somewhere between these widely divergent views from other members of the Senate Foreign Relations Committee

Sen Sparkman (D Ala) — We can now write off any possibility of Chinese Nationalist return to the mainland

Chiang Ready To Strike

Sen H Alexander Smith (R-J) —The President was telling the world that the Nationalist army is held ready to strike if the Communists break the truce in either Korea or Indochina

Knowland, the Senate Republican leader, discussed the subject with newsmen after a breakfast conference with Eisenhower He said the talk over coffee cups dealt with foreign policy and the congressional legislative situation generally, but he declined to go into detail

In his meeting with reporters yesterday Eisenhower was told that Nationalist Generallisimo Chiang Kai-shek has said he is expecting U S moral support and help from the standpoint of supplies for an invasion of the Chinese mainland now held by the Communist regime

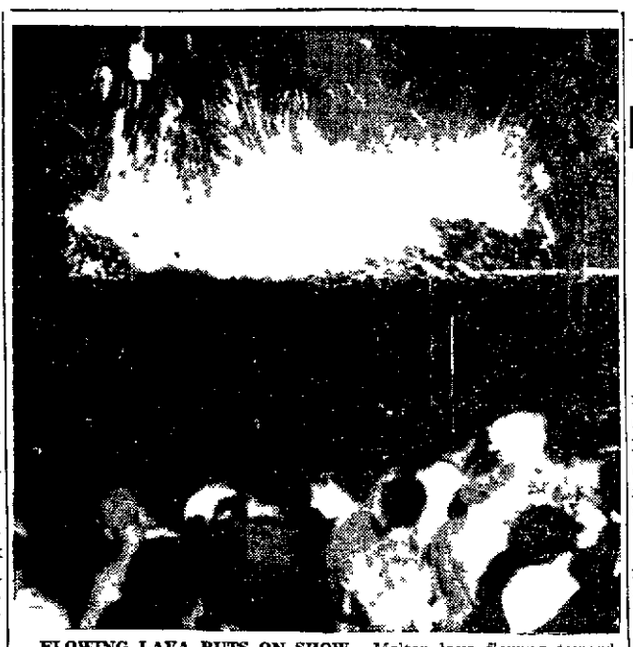
Says U. S. Position Clear

Asked whether this government has given the Chinese Nationalists any reason to expect such support, the President replied that he feels the whole matter has been discussd so thoroughly there can be no qustion of America's attitude on the matter. Then he added

'The United States is not going to be a party to an aggressive war That is the best answer I can make"

Newsmen asked Knowland whether he regarded that as an enunciation of a new policy

(Turn to KNOWLAND Page 14)



FLOWING LAVA PUTS ON SHOW. Molten lava flowing toward the sea puts on a spectacular night time demonstration for spectators who turned out to see the Hawaiian Islands newest volcano The volcano on Puna slope of eastern Hawaii, erupted near an old crater which has been inactive for 115 years.

Fountains of Lava

New Underground Blasts Hit Tip of Hawaii Island

PAHOA Hawaii (AP)—Massive underground explosions ruptured the scarred tip of eastern Hawaii Island anew, spewing a fountain of molten lava 200 feet into the air

Burning rocks poured out of the ground along a half-mile strip slashing a flaming path across fields of sugar cane

The National Guard sent its trucks rumbling to the rescue of some 100 persons whose escape routes were threatened

About 400 others already had been taken from their homes

Curtis Kamai was surveying road fissures yesterday afternoon when the earth burst open again

Like String of Gunpowder

'It was just like touching off a half-mile string of gunpowder" he said ' I heard the roar of lava underground The earth was shaking

' Then suddenly it went up like a powder train In two minutes the whole half mile stretch was blazing lava 100 feet in the air '

One eruption of red hot rock landed only 200 yards from 13 plantation workers All escaped uninjured

The entire area was like a giant powder keg with dozens of burning fuses

It was anyone s guess where one would erupt

Lava Flows Down

Yesterdays fissure had stretched out last night for a blazing mile of spurting la a which moved relentlessly toward desolate Kapoho village, occupied only by wary police and civil defense officials

Fiery fingers spread northeast and southeast of Kapoho

Into the night, lava fountains spouted up to 200 feet spilled over spread out on both sides of the flaming fissure and pushed down toward Kapoho and the ocean at an estimated 350 feet an hour

The main lava river spread 400 yards across

From a knoll 300 yards above the scene was almost unbelievable in its awesome savage splendor The whole corner of the island was lighted by the fiery glare.

Trying to breathe amid the choking sulphur fumes was like trying to smoke matches instead of cigarettes.

Deadline Near On Registration Of Voters Here

Election board officials today issued a reminder to persons in Marion city and county that registrations for the May primary election will close March 23

At present there are 13 191 persons in the city and 6 520 in the rural sections of the county who are registered to vote Election board officials earlier this year removed the registration cards of 4 363 voters who had failed to vote in the last two years

These persons must re-register in order to vote in May So must anyone who has moved since the last election, all new voters and those whose names have been changed

Officials at the office in the courthouse said that registrations have just been 'trickling in '

With only 20 days between now and the deadline for registration it will be necessary for more than 200 persons to register each day in order to bring the registration totals back to the 24 106 mark reached last fall before the general elections

U.S. Pledges Reaffirmed in Taipei Talks

Secretary Declares Defense of Formosa, Pescadores Is Assured

TAIPEI Formosa (AP)—U S Secretary of State Dulles told Chinese Nationalist President Chiang Kai-shek today that Quemoy and the Matsus were not on the bargaining table for a cease-fire in the Chinese civil war

But sources close to the secretary hinted the offshore islands might be abandoned to the Reds on two conditions

1 That the abandonment would bring a guaranteed peace to Asia, and,

2 That Nationalist China would agree to the move

Chiang Agreement Doubtful

The Nationalists may not agree under any circumstances The islands are the last important outposts they hold off the Red mainland

Dulles reaffirmed U S determination to defend Formosa and the Pescadores as pledged in the mutual defense pact ratified earlier today

Du es earlier signed the documents that brought into effect the mutual defense past between the United States and Nationalist China Foreign Minister George Yeh signed for the Nationalists

The treaty itself was signed in Washington Dec 2 It commits the United States to defend Formosa and the Pescadores, gives the United States the right to dispose land air and sea forces in and about the area and binds the two countries to act against an armed attack in the west Pacific.

Pledge Mutual Assistance

Dulles said

'Increasingly through the world, free men have found it necessary to unite in the cause of freedom aggression threatens, we pledge our mutual effort in serene confidence that the cause of freedom will prevail '

Yeh said

'This historic document will, I

Roads Closed As Ohio Rises

River Reaches Flood Stage at Cincinnati

COLUMBUS (AP)—The Ohio River inched toward crest levels today with some reports of low-level area flooding

The rising water routed 11 families from their homes near Cincinnati last night and water spilling into lowlands was reported at Portsmouth and other spots

The Ohio reached the 52 - foot flood stage at Cincinnati yesterday and is expected to crest tomorrow at 54 feet

The river is expected to crest today at 53 5 feet at Portsmouth where flood stage is 50 feet Portsmouth proper however is protected by a 77-foot flood wall

The highway patrol early today reported no change in the list of roads knocked out of use by high water It includes

U S 7 one mile north of Athalia in Lawrence County U S 52 four miles north of Chesapeake in Lawrence County U S 52 Ohio 73 and 13 one mile west of Portsmouth 124 between Portland and Long Bottom in Meigs County 217 at Coal Grove in Lawrence County, 248 between Chester and Long Bottom in Meigs County 325 between 160 and 35 in Gallia County 328 between 75 and 56 in Vinton County 346 four miles east of junction of 160 in Vinton County 349 between 160 and 75 in Vinton Couty 356 between 50 and Mineral in Vinton and Athens counties 611 between 50 and Zaleski in Vinton County

Civil Defense Alert?

NEWARK, N J (AP)—Newark police were astounded last night night when during a widely publicized practice air raid alert some 2 000 people flooded the switchboard in 40 minutes with calls asking what the sirens meant Police were even more astounded when some of their own patrolmen called in with the same question.

ALL UP IN THE AIR. Five-month-old Doris Hall, daughter of Mr and Mrs Edward Hall Decatur, Ill , is cheerful but surprised at her present predicament which finds her in the hospital with legs in traction Her left leg was broken when five year-old sister tried to move her from own bed onto the top of a double-deck bunk

Fight Expected In Tax Debates Before Senate

Explosion Threatened As Democrats Attempt To Slow Down Hearing

WASHINGTON (AP) — A possible slow-down by the Senate Democratic leadership on the administration-backed tax bill threatened today to bring on a floor fight rivaling in bitterness that which preceded House passage

Colleagues said Sen Clements of Kentucky, acting Democratic leader has let it be known he favors delaying the start of debate until March 14 His only public comment was that the bill would be handled in regular order '

House Democrats, over the vigorous opposition of President Eisenhower had written into the bill a $20 income tax cut for everyone effective next Jan 1 The Senate Finance Committee struck out that cut leaving in the bill only a year s extension beyond April 1 of present corporation and excise tax rates now bringing in three billion dollars a year

Chairman Byrd (D Va) of the Finance Committee who led the fight there against the $20 income tax cut said in a separate interview there would be ' no justification ' for delaying Senate action beyond the middle of next week

' We are going to move to bring this bill up then, if it becomes necessary to do that ' he said

Ordinarily the majority leader schedules when legislation is taken up But his timetable could be upset if the Senate voted otherwise

With this in mind Sen Knowland of California, the GOP floor leader opposed a request by Sen Kerr (D Okla) to permit a Finance

Man Holds Up Truck Driver, Flees With $12

Believed Same Bandit Who Got $12 in Local Grocery Store Robbery

An armed robber, believed to be the same man who Tuesday night robbed the C and L Grocery Store at 182 Patten St of $12, early this morning robbed a truck driver on State Route 4 in Crawford County of $12 and is believed to be the one who tried to stop another truck on the same road about 4 o clock this morning

Everett Minter, about 35 of near New Castle Pa told local authorities he had pulled off the road into the roadside park south of Bucyrus last night to take a nap

About 1 30, he said a man began beating on the door of the truck cab and woke him up

When Minter opened the door of the truck he said he saw a a small man standing at the side of the truck holding a pistol

The robber said ' Gimme your money ' and the truck driver handed over $12 he had in his pocket The man then fled getting into a parked car a late model Ford,

More Protection for Israel

U.S. Seeking To Bolster Security in Middle East

By JOHN M HIGHTOWER

WASHINGTON (AP)—State Department officials are reviewing U S policies toward the Middle East to see whether greater political stability and military strength can be developed

One possibility under consideration is the eventual negotiation of stronger security guarantees for Israel. Some authorities believe this could relax Arab-Israeli tension The Israelis have long sought a U.S. defense alliance.

'Powder Keg'

The policy review was initiated on the basic assumption that the Middle East is the most threatened important area on the flanks of the Communist block It includes the one area—from the eastern borders of the Black Sea to the western tip of Red China—where the Soviet Union has no buffer satellites

It is a region of tremendous difficulties primitive industrial development, low living standards and knotty political problems, including the ill feeling between Israel and the Arab states

The United States Britain and France have several times declared an intention to preserve the balance between Israel and its hostile Arab neighbors The Israeli government has termed this declaration insufficient

Arab League Opposes

At the same time, the United States has been trying to create different attitudes on the part of at least some of the Arab governments Officials at the State Department have felt for a long time that hostility toward Israel by the Arab League — an organization governments — is the source of weakness in the Middle East. It has prevented any effective system of alliances there against Soviet power

Iraq's recent signature of a mutual aid agreement with Turkey despite violent opposition from its Arab League partner Egypt is regarded as an important step toward strengthening defenses

(Turn to MIDDLE EAST, Page 14)

Sen. Mosher Criticizes Lausche

School Subsidy Bill Up For Ohio Senate Action

COLUMBUS Ohio (AP) — Senate Education Committee Chairman Charles A Mosher Oberlin Republican launched the state s big school bill on its perilous legislative path yesterday with the charge Gov Frank J Lausche ' fails completely to face up to the needs of the schools "

Mosher s denunciation of what he called Lausche s "sleepwalking with regard to the needs of our schools ' came only a few minutes before the five-term governor informed the GOP-controlled Senate he believes its coming investigation of relief costs "is entirely in order "

The two developments were the high-spots of an otherwise routine legislative day The House passed four minor bills, the Senate passed two

Code Errors Rectified

One bill passed by the Senate however had special significance because it was the first to clear both houses in the 101st General Assembly The bill to correct several errors resulting from the revision of the Ohio code two years ago returns to the House for acceptance of minor amendments It then goes to the governor for his signature

Mahoning County commissioners were anxious for approval of the bill because it restores the right of county officials to issue poor relief bonds Mahoning County has run out of relief funds and has borrowed money to bridge the gap The right of commissioners to issue such bonds was eliminated from the law two years ago through error

Raps Governor

Another effect of the bill will be to restore a penalty under state law for public intoxication

Mosher, in his opening statement on the school bill he co-sponsors with four other senators insisted he was not making a ' personal attack on the governor ' but his rapid-fire discussion included such remarks as

' We can expect no leadership from the governor in arriving at solutions to the schools' problems

(Turn to SCHOOLS, Page 14)

Soviets Give No Reason

American Catholic Priest Ordered To Leave Russia

MOSCOW (AP)—With tears streaming down his cheeks an American Roman Catholic priest bade fare well to his weeping congregation today He was saying his final Mass before expulsion from the Soviet Union

Americans Britons and other members of Moscow's Western diplomatic colony came to the service in the chapel adjoining the apartment of the Rev George Bissonnette of Central Falls, R I the only foreign Roman Catholic priest in Russia

Given Order To Leave

Soviet police told Father Bissonette yesterday his passport was being lifted He must get out of the country by Saturday No reason was given

The U S government protested that the ouster violates an agreement in the 1933 Roosevelt-Litvinoff pact granting American recognition to the Soviet Union U S authorities contend the pact gave Americans the right to have a clergyman priest or rabbi in Moscow to serve American citizens

Western observers speculated that the expulsion order might be in retaliation for the refusal of the U S government last week to let the Metropolitan Boris of the Russian Orthodox Church extend the visit he has been making to the United States

Instructs Parishioners

Father Bissonnette after repeatedly breaking down during his last service told his listeners to worship in the future at the local church of St Marie de Francais

"If you cannot confess in Russian or Polish, just tell the father (a Russian priest) that you want absolution and you'll receive it," he instructed them

"And now in our last prayer," he added, ' we pray for Russia as we always do "

The chapel was nearly filled this morning with ambassadors' wives, their children and others—many of them weeping also—seeking to comfort the priest who has served them since January 1953 Several diplomats wives offered to help him with his packing He plans to

18-Month Boom Brings Inquiry

Senate's Probe of Stock Market First in 20 Years

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—For the first time in more than 20 years the Senate today began a full investigation of the stock market. The cause: the market boom which has lasted 18 months. Prices are the highest in history.

The purposes:

1. To see if there is danger the boom may end in a bust like that of 1929. The last Senate investigation, 1933-34, grew out of that bust.

2. To examine market practices and operations under the government restrictions and regulations imposed since the last investigation.

3. To see whether new regulations are needed to protect both the national economy and the general public from excesses or disaster.

The inquiry, made by the Senate Banking Committee, opened on a soothing note. The chairman, Sen. Fulbright (D-Ark), emphasized he doesn't want to rock the boat — just look at it. A "friendly" inquiry, he calls it.

—:—

AT LEAST 20 TOP specialists in finance and industry, in and out of government, will appear as witnesses. After listening three weeks the committee will digest what it learned and then start again.

The scope of the investigation can be understood from Fulbright's statement that his committee sought as witnesses people qualified in these fields:

The general economic picture, business conditions, credit and tax policies, investment companies, ppension fund and union fund participation in investments, equity financing and stock exchange member trading.

If it's Fulbright's hope calmness will pervade the inquiry throughout, it is a hope which may have been misplaced. With all those experts sounding off, heated conflict seems inevitable.

—:—

ON FEB. 1 the committee mailed a questionnaire to 5,500 brokers, dealers, investment advisers, financial writers and economists. About 22 per cent replied.

In general the participants in the buying and selling of stocks expressed full confidence in the market. The economists as a group reflected, as Fulbright described it, a greater degree of caution.

Fulbright pointedly expressed some concern about the impulsive people who have money to invest and may make decisions on the basis of one day's testimony by one witness. He said:

"I want to suggest, merely as a cautionary reminder, that what may be heard on any single day from a high source may be attacked root and branch on the following day by an equally high source."

This was another way of saying: No matter what you hear from day to day, don't start guessing about the market until the full story is unfolded.

Ohio House's New Electric Roll Call Board Blacks Out

COLUMBUS, Ohio (AP) — Tilt! And the lights on the brand-new, $85,000 electric roll call system in the Ohio House went out like those on a pin-ball machine when a zealous player uses too much "body English."

The light failure yesterday on the big boards in the House chamber, however, wasn't due to anyone trying to influence the final outcome of a vote.

No one was really sure what caused the breakdown. But a repairmen was summoned from Richmond, Va., the home of the International Roll Call Corp., which installed the complex system.

Until the system is repaired, roll calls in the House will be by the old fashioned method of calling each member by name. That takes six to eight minutes. The new system, when it's working properly, takes only 10 to 15 seconds for a roll call.

Toledoan Heads Ohio Planning Conference

COLUMBUS, Ohio (AP) — Robert Foeller, director of the Toledo and Lucas County Planning Commission, is the new president of the Ohio Planning Conference.

Foeller was elected at the group's closing session of the annual meeting here yesterday, succeeding George N. Wallace of Cleveland.

Other officers elected were Larry Irvin, director of urban redevelopment in Columbus, secretary-treasurer; A. E. Suro, director of the Montgomery Planning Council, first vice president, and Walter Lawson Jr., Lima attorney, second vice president.

Fire Overcomes 5

CLEVELAND (AP)—Five employes of Thompson Products, Inc., were overcome by smoke today as they tried to put out a fire in the laundry-locker of the main Thompson plant here.

The fire, later put out by firemen, caused damage of at least said. The cause was not immediately determined.

ACQUITTED OF CHARGE

COLUMBUS, Ohio (AP) — Paul James Love, 38, charged with second degree manslaughter in a traffic death, was found innocent yesterday after a trial before a jury of four women and eight men. Mrs. Dora McKissen, 70, of Belmont, Belmont County, was killed in a two-car collision here last August.

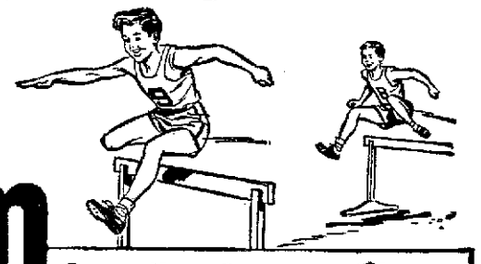
GOLDEN QUARTERS (Gold aluminum wrapped) and the even thriftier GOLDEN POUND

Eat This Revolutionary New White Bread Better In Protein For Health Than Whole Wheat

4 Slices Equal 5 Slices of Whole Wheat In Complete Protein Content

"HIGHER PROTEIN TO CALORIE RATIO"

Daffodil Farm ENRICHED BREAD



Eat Daffodil Farm Bread "Higher Protein To Calorie Ratio" FOR:

TRIM LEAN FLESH

To exercise weight control—control the appetite control center of your brain. Eat a protein-containing food 30 to 60 minutes before a meal to maintain the blood sugar level high enough—to normally appease your appetite control center. Reduce your craving for food so you eat less.

RICH RED BLOOD

Blood cells are protein structures. Daffodil Farm Bread is also enriched with iron . . . another important part of your blood.

Safe to say, protein is the most important food for the body as all cells are essentially protein in structure.

STRONG BONES AND TEETH

75% of muscle structure (dry) is protein. Pound for pound, the growing child requires *twice* the protein of an adult.

Bones and teeth growth is dependent upon protein. To make the "mould" into which Nature puts the minerals that make bones hard.

The "growing ends" of the long bones which determine height must have adequate protein or growth may be retarded.

STRENGTH AND VITALITY

A principal function of protein in adults is the preservation of the chemical machinery of vital organs and the hormone-producing glands.

On top of which, many of the hormones are made of proteins. Including some of those which regulate the most vital processes.

Contains About 26% Less Calories To Complete Protein Than The Average Of Whole Wheat Bread Or Ordinary White Breads Tested

A Remarkable New Advance In Nutrition Made Possible By The New Miracle Protein "Booster" From Milk

Sad but true—there is no "magic pill" to keep vitality up in your family.

But you can provide good nutrition in a well-balanced diet. Such as:

Meat, milk, fish, eggs and high-protein ratio bread . . . energy foods like potatoes and beans . . . protective foods like green-leafed and yellow vegetables, oranges and tomatoes.

All these promote good health and vitality. And, of course, foods lower in calories help keep figures trim.

A White Bread Better Than Whole Wheat

No one questions the health advantages of whole wheat bread. But few relish the taste.

Daffodil Farm Enriched Bread is a great nutritional advance because four slices of "higher protein to calorie ratio" Daffodil Farm Enriched Bread equal five slices of the average of eleven whole wheat breads tested in complete protein content!

A truly remarkable development made possible by the miracle milk protein "booster"—lactalbumin.

Tastes Better—Toasts Better

And Daffodil Farm Enriched Bread gives you more vitamins and minerals. (See chart.)

And—Daffodil Farm Bread contains about 26% less calories to complete protein than the average of whole wheat bread or ordinary white breads tested. Best of all, Daffodil Farm Enriched Bread tastes so good!

And for toasting, it is simply wonderful!

To keep vitality up . . . you'll do better with foods like "higher protein to calorie ratio" Daffodil Farm Enriched Bread.

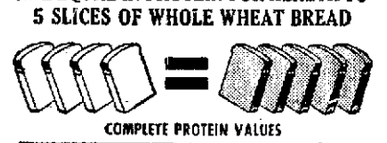
Get it at your grocer's today. Note how firm the loaf is . . . filled with goodness instead of air! And fresh as a daisy! Try Daffodil Farm Enriched Bread today. You'll be glad you did.

Denver Home Economist Approves Daffodil Farm Bread

"It was exciting news to know that at least one bread company has been smart enough to make a loaf of white bread of such food value that 4 slices equal 5 slices of whole wheat bread in complete protein value. The name is DAFFODIL FARM BREAD."

Katherine Kellogg
Denver Dairy Council

WHY 4 SLICES OF DAFFODIL FARM BREAD ARE EQUAL IN PROTEIN FOR HEALTH TO 5 SLICES OF WHOLE WHEAT BREAD



COMPLETE PROTEIN VALUES

DAFFODIL FARM BREAD 79%
100% WHOLE WHEAT BREAD 53%

(Figures are per cent distribution of complete protein as limited by lysine [complete protein contains 5.3 g. of lysine per 100 g. protein] of equal weights of Daffodil Farm Bread and the average of eleven Whole Wheat Breads tested; lysine values based on microbiological assays by Food Research Laboratories.)

Slice for slice, compared with 100% Whole Wheat Bread, Daffodil Farm Bread gives the following relative values:

Calcium	+121%
Vitamin B_1	+7%
Vitamin B_2	+116%
Niacin	+44%
Iron	−7%

(Above valuations based on one analysis following standard laboratory procedures from our own laboratories.)

'FLYING EYE' TO BEGIN ATLANTIC SURVEILLANCE This big 'flying eye' search plane, a Lockheed RC-121D Super Constellation whose sister-craft keep round-the-clock radar watch in the Pacific, is one of 30 going into Atlantic service March 1 The big 'fin' on top and the bulge underneath are radomes containing antennas which emit invisible search beams to pinpoint unidentified ships or planes beyond range of human vision The ship carries a crew of up to 30 and packs 12 000 pounds of radar equipment

Tax Dispute Won By Businessman

A Kenton man who operates the Jer-Zee frozen custard dessert stand on E Center St at Forest Lawn Blvd Wednesday was awarded a tax reduction by the Supreme Court of Ohio

The high court ruled that the property of Paul P Castor of Kenton was to be considered as that of a manufacturer for tax purposes

The ruling reduces the rate of valuation on the stand from 70 per cent of the true value to 50 per cent of the true value The state department of taxation had held that the 70 per cent valuation was the firm s proper classification

Castor had appealed the ruling in September 1953 and it had been in the hands of the tax department since then until Wednesday's ruling

The stand operated by Castor is run under the name of Jer Zee Inc

Castor had asked the reductions for the tax years of 1951 1952 and 1953 according to Maurice Clements, county auditor

CAR FERRIED

LONDON (INS) — More than 100 000 automobiles will be ferried across the English Channel this year by British Railways with one terminal handling up to 240 cars an hour.

High School Students Protest Bill Outlawing Secret Societies

COLUMBUS Ohio (AP) — It was bobby-sox night in the House Education Committee last night But the teen agers screams were not those of joy undefiled They were groans of anguish

The legislative committee was considering a bill to make expulsion from school the penalty for membership in high school fraternities and sororities And the youngsters in short didn t like it

For years secret societies have been illegal in public high schools but there has been no penalty

Eleven witnesses made impassioned appeals to the committee last night Most of them were from just two high schools—North High in Columbus and DeVilbiss in Toledo More than 30 persons many of them students packed the smoky hearing room

'They are discriminatory" declared North s Principal Edgar W House of the secret societies They practice segregation This problem is bigger than one boy or girl one school or one community It affects the welfare of public education in this state '

"They are everything that s good and right ' retorted 18-year-old senior Pat Ford a pupil at House s school and president of a group known as the Arro Club "The most dependable and most responsible boys and girls are in our social clubs '

M C Nauts DeVilbiss principal and his assistant, Robert Rettig, described for the committee Toledo s united action against the fraternity-sorority problem

House told the committee the so-called 'clubs' operate at his school 'through a loophole in the present law ' but he did not elaborate

Senate Studies More Powers In Tariff Group

WASHINGTON (AP)—Two Republican members said today the Senate Finance Committee may consider giving the Tariff Commission more power to recommend higher tariffs as part of a reciprocal trade extension bill

Senators Millikin (R Colo) and Carlson (R Kan) did not go into detail in interviews in advance of further hearings on President Eisenhower s trade program but the ideas they mentioned would tend to cut the President s power

The program would extend the reciprocal trade agreements law three years and give the President additional powers to cut duties 5 per cent a year

Millikin senior Republican member said he believed the committee would consider suffening the 'escape clause' in the trade agreements law

Carlson, generally an administration supporter said in a separate interview he also was working over some suggestions to strengthen this clause

The administration has fought any moves to curtail the President s powers to make final determinations on tariff concessions

The 'escape clause' procedure which would be continued by the bill permits an industry to ask a Tariff Commission investigation if it believes it would be harmed by a concession in a duty granted another nation under a trade pact

However, even if the commission recommends that the concession be withdrawn or modified, the President may reject this finding

MILK PRICES DROP

BUCYRUS—The price of milk dropped a cent a quart in Bucyrus today New prices for home-delivered regular milk is 18 cents a quart with homogenized milk costing 19 cents Dairymen said the decrease resulted from an over-supply of milk in the northeastern Ohio area

Seven hundred manufacturing concerns crowd Worcester Mass, the state's second largest city. Since World War II, 283 successful businesses have started

No New State Taxes

One of the encouraging things about Gov. Lausche s budget for the next two years starting July 1 is that it contemplates no increase in state taxes

While the $731,899 613 asked to finance Ohio's government for the next biennium is an all-time high Gov Lausche has told the General Assembly that anticipated revenue and a small dip into available reserve cash are adequate to strike a balance

It will be up to the Assembly now to hold the line against pressures for millions of dollars in new expenditures called for in bills pending before the legislature

In answer to the constant demand for increased subsidies for the schools and local government, the governor had this to say

'In the granting of subsidies the budget contemplates doing so only in accordance with our financial means and with a recognition of the dangers that are incident to their constant expansion"

This in effect, is an answer to those who feel that local government should not subject itself to any new taxation for whatever purpose but should pass the buck along to the state.

Sales tax revenues which originally were promised to municipalities and schools in a more liberal percentage than has been the case have been needed for the rapidly expanding requirements of the state and hence if more were to be drained from Columbus, it is quite obvious that Ohio would have no choice but to increase state taxes

The governor pointed out that the budget contemplated no statutory changes in salaries, which was interpreted as a blow at higher pay for judges This, we believe, is a mistake If Ohio is to attract and keep a high degree of judicial integrity, it will be necessary to keep salaries nearer the level a competent attorney can attain pursuing his profession

All in all the governor has submitted a sound, intelligent budget If the Assembly can resist the many spending influences to which they will be exposed, the state can live within the estimates If not, Lausche may have to pile up a record number of vetoes

The Wrangle in Spain

Spain is becoming increasingly distressed over the implementation of the agreement by which she granted us air bases in exchange for economic assistance

It seems that our assistance to date has been negligible and work on the bases has been proceeding so slowly that the Spanish are at the point of scrapping the whole pact.

To date, there has been only a series of charges and counter-charges and any effort to sift the real causes of the delay are bound up in so much red tape that not even a bureaucrat feels at home

This much is true The first of the bases for which an agreement was signed are just now under construction and even American air authorities admit that we are 90 days behind schedule

Americans blame the Spanish for tardy requisition of land but the Spanish return fire with the charge that in most instances bids have not even been asked for

And so it goes

The truth is that we did ask for the bases as another link in our chain of defenses against the Communists but in the over-all effect we feel that the Spanish have as much to gain as the rest of the Western World

The crux of our problem is the promise of economic aid We feel that since it is our money we should have a voice in determining how it shall be spent Spain, on the other hand insists it has a right to buy what it wants in the United States without interference from our government

It is true that we perhaps have delegated to on-the-scene underlings much of the responsibility for engineering the job In the absence of procedural red-tape-cutting the program has bogged down

On the other hand, the Spanish doubtless had envisioned a sensational improvement in their economic lot and when it fell far short of expectations, storms began to appear on the horizon of friendliness that presumably had been established

Once again, we are faced with the cold reality that money does not buy friends It only creates more problems for us

To the 'Big Mo'

The routine bit of news the other day about the decommissioning of the battleship Missouri probably brought memories of great emotion to many Americans

Like "old soldiers" great warships "never die they just fade away"

The Missouri was no ordinary vessel in its day It was virtually the pride of the Navy To many of us it was a symbol of American greatness on the wartime high seas

It was the "Big Mo"

Of all the ships in the United States fleet, it was the one chosen as the site of the Japanese surrender

It may be of some comfort to persons with a feeling for such things, that the great ship is not to be dismantled The Missouri will be used as the headquarters of the Bremerton Group, Pacific Reserve Fleet, at the Puget Sound naval shipyard in Washington state.

Masters of Deceit

By David Lawrence

Reds Miss No Opportunity To Spread Propaganda

Who is attacking the security system of the government today and attempting to discredit it? Many well - meaning persons, thoroughly patriotic, are doing it, but it so happens coincidentally that this form of attack has for some time been engineered also by persons who themselves turn out later to be involved in violations of the security system

Thus this correspondent has just received a clipping from the Aug 29 1950, issue of The Washington Post which in its 'Letters to the Editor' column innocently printed a communication from Joseph S Petersen Jr who now is in jail He pleaded guilty in December 1954 to the theft of secrets from the National Security Agency but in 1950 appeared to be just an indignant letter - writer Yet from March 1948 through December 1952 according to the evidence at his trial, Petersen was giving to a representative of a European government messages and documents which he was not authorized to transmit and the foreign government was not authorized to receive

So vital was the secret material that the Department of Justice for security reasons did not disclose at the trial all the coded documents that were stolen by Petersen

HOW DID PETERSEN escape detection for nearly five years? Evidently the security system was not strong enough But Petersen himself boldly wrote to a Washington newspaper vigorously condemning the very system he was violating Here is the full text of his letter

'Under the guise of 'security' numerous sins are being committed The welfare of the nation is of supreme importance but the right of an individual to 'life liberty and the pursuit of happiness,' is one of supreme importance too The Constitution does not allow one to be condemned without trial, it does not permit one to be judged guilty of charges of which he has no knowledge But that is happening in our government at this time

'Today our government agencies are accused of everything short of treason by irresponsible persons The faith of the American people in the government is being undermined by vilifiers seeking self-aggrandizement In order to restore this waning faith of the people, agencies are forced to sacrifice all upon whom the breath of suspicion falls'

"How this must give 'aid and comfort' to our enemies! Those enemies in our midst are united on a definite plan of action and are slowly but inevitably putting it into force The ghosts of Marx and Lenin must be chuckling over the distrust and disunity that decadent capitalists are causing among themselves — preparing the way for communism

- -

"NOW IS THE TIME to cease seeing enemies on all sides to stop this persecution of innocent people under the label of security of the nation' The American way is to let a man know what charges have been brought against him and give him a chance to defend himself Otherwise what we condemn in others we shall find being used by ourselves

'Joseph S Petersen Jr
'Washington'

It would be a mistake for any one to generalize about all those who write letters to newspapers just because the Petersen letter reveals insincerity and duplicity But some of the people who are attacking the security system are exultantly talking about Harvey Matusow s lies as proving that all ex-Communists are liars

Such generalizations are ill-founded and the case of the Petersen letter underlines how important it is to take every incident separately and weigh the factors in the light of the circumstances in each case

- -

THERE ARE SOME letter writers who are guilty of writing lies to newspapers, even including their own names and addresses Again and again, as some of these persons are addressed the Post Office returns the letters with a notation that the individuals are unknown at the address given

It is a Communist trick to use phony names and some day it may prove advisable to print names and addresses so that the neighbors can check as to whether anyone of that name lives at the address given

Many letters come from Communists There is no way for a newspaper to know who they are, though sometimes the argument or the language parallels exactly the articles in Communist newspapers

The art of propaganda is well-known to the Communists in this country, and the device of letters to the editor has in the last few years become a powerful means of creating confusion and of attacking the security measures being taken by the national government

Battle Over 3-Cent Mail

By Francis P. Douglas

The nation s railroads and the airlines are engaged in a squabble over the expanded business of the airlines in carrying 3 - cent letter mail on a when- space-is-available basis

The railroads also have some harsh things to say about the Post Office Department using truck carriers to haul intercity mail.

Thousands of railroad jobs are at stake the Association of American Railroads asserts The organization says that diversion of mail traffic will mean a loss of mail revenue of more than 300 million dollars a year

The railroads maintain that this threatens jobs not only of those who handle the mails but those who operate and service the trains Without mail revenues according to the railroads, hundreds of passenger trains now operating near the break-even point of earnings would go in the red and have to be discontinued

- -

THE RAILROADS' attack is chiefly aimed at the practice, begun in October, 1953 of sending 3-cent mail by air when there is cargo space available on planes

Attacking also the diversion of mail to trucks the railroads assert that the Post Office has awarded most of the contracts to contract carriers rather than to common carriers The contract carriers get the business according to the railroads on the basis of depressed labor cost resulting from use of non-union employe and non-compliance with state laws and safety regulations which the truck and rail common carriers must observe

The railroads contend that "alleged savings and service betterments in many instances where mail has been or will be transferred to other carriers are illusory" The roads argue this way

Airlines and motor trucks are paid on rates based on transportation alone The railroad rates on the other hand cover a complete service which includes

1 Provide mail - handling facilities at 35 000 points throughout the country These range from the trackside crane at small communities from which mail is picked up 'on the fly," to highly mechanized installations at major cities

2 Providing railroad Post Office cars in which sorting and distribution are carried on

3 Providing workers who load and unload the mail and separate it

4 Providing switching and other terminal services

- -

THE AIRLINES, the railroads say are able to fill out space which otherwise would be unused under the arrangement for carrying 3-cent mail on the space-available basis But when they have no space for the proffered mail or are grounded by weather the railroads have to carry the mail and have to maintain standby facilities to do so

The railroads say they receive an average of ⅛ of a cent for carrying a first-class letter while the airlines receive 2 2/3 cents for carrying the average air-mail letter

The Air Transport Association gives different figures It says the air carriers receive an average of 2¾ cents per piece of mail and that the railroads receive not ⅛ of a cent but something less than ¼ of a cent"

The Association of American Railroads says that on first-class mail sent by railroad the Post Office makes 39 million dollars a year, while it loses 29 million dollars including subsidy payments on domestic air - mail letters and postcards

- -

THE ATA REPLIES that for fiscal 1953 the "service (non-subsidy) expenses to the Post Office Department for domestic air mail letters and cards" resulted in a loss of only $1 600 000

ATA maintains that AAR is arguing about a rather minor matter anyway The airlines organization says the sending of 3 cent mail by air on a space-available basis accounts for only about 21 000 tons of such mail or 7 5 per cent of the total with the railroads carrying 249 000 tons, plus about 5 600 - 000 tons of other mail

The railroad revenue from first class mail ATA says was only 41 million dollars in 1953 and this was only two-fifths of 1 per cent of total railroad operating routines

Backbone of America

Amateur Diplomats Help Shape Policy

By Lee Lorick

American foreign policy may be in the hands of professional diplomats but the American taxpayer hasn t yielded one iota of his right to kibitz what the State Department is doing

Each week nearly 1 500 Americans write Secretary Dulles Their salutations vary from 'Your Excellency' to Dear John' and in closing sentiments from May the Lord Bless you to 'That s all for now, Buster get on the ball The bodies of these letters are equally varied as are the subjects covered by the amateur diplomats.

The State Department considers these letters an important clue to grass-roots opinion about the conduct of foreign affairs A special staff in the public service division reads them all and with a few exceptions replies Last fiscal year they handled more than 70 000 communications from John Q Citizen

Each week a report on all the mail goes to the desks of policy officers A special summary of this report and some of the correspondence is sent to the secretary for Dulles likes to draft a few of the replies himself

- -

INEVITABLY, CERTAIN events stimulate Americans to take pen in hand A major policy speech by the President or secretary of state for instance, always gets salvoes of commendation and criticism

Any international incident which threatens war produces a large amount of advice Right now writers are concerned over the protection of Formosa In January, topic A was Costa Rica

Individual outrages particularly inflame the letter writers The shooting down of a B 29 off Japan brought a flood of indignation and demands for firm action So did the imprisonment of American fliers by the Red Chinese which topped the list of subjects dealt with by letter writers in December

'I for one am ashamed to be an American a Californian declared We can turn the proverbial cheek just so much and then no more

Another westerner wanted to send Dulles to the lockup

When a soldier deserts his post of duty he becomes disciplined at hard labor That s exactly what should happen to you for deserting our fliers held captive in China'

- -

A WAG FROM OHIO dily remarked that the Peiping regime had been given 'another beating over the wrist with a wet noodle'

Despite the outpouring on these subjects it has been only a trickle compared to the weeks in 1952 when President Truman recalled Gen MacArthur from the Far East

Usually the amount of mail is proportionate to the size of the headlines Following Sen McCarthy s repeated front-page accusations of disloyalty hundreds of envelopes contained denunciations of department personnel Today such criticisms hardly even appear

Department officers point out that correspondence never produces a valid opinion poll Those who are incensed are generally the ones who write, they say

Also pressure groups may interest thousands of persons in a paper bombardment of the department These form letters are discounted and not answered

Probably the most appealing letters come from children A boy s penciled scrawl spelled out "Are people allowed to be underground workers behind the Iron Curtain and if so how is it arranged?" (The department sent him a list of public library books)

After a UN address by the secretary, a fifth - grade girl confessed Before your speech, I did not think the world was very exciting Now I realize different I think you have a lot of courage" (Dulles wrote her that he was deeply moved)

Another very young lady informed the department "You have gotten into a lot of hot water I wish you luck in the future, and I hope you do better'

Some persons simply want to encourage the secretary "Being in the limelight" a group of Methodist ministers began 'means that you get many repercussions — some unjust, some ill thought out, some bitter If this letter will help to make any of the hard-to-take ones any easier, then it will have achieved its purpose'"

The department is asked to fill a variety of requests I sent a letter dated Dec 4 to your office Please see that it gets to Premier Malenkov at once" (The department advised that it doesn't forward mail)

The staff routinely tells such things as the "name of the consul general in Geneva" and the "location of Blagoveshchensk" But department personnel were stumped when the Encyclopedia Britannica asked "the name of the person who said while visiting there in January 1954, 'You people talk democracy but do not practice it?'"

Why do so many people take an interest in international relations? Dulles answered this question when he said "Under our form of society foreign policy is not a matter just for diplomats"

(North American Newspaper Alliance)

Their Spirits Still Soar

By MARK DANA

The last cabled news about Helen Keller had her in India, talking with Prime Minister Jawaharlal Nehru about poetry and also about assistance for the physically handicapped There s no telling where Miss Keller will be next as she is almost as peripatetic (a $2 word meaning moving around) as Mrs Eleanor Roosevelt

Every time the name or picture of Miss Keller appears in print, a fresh inspiration is given to bodily normal people as well as those having afflictions of varied types Miss Keller is deaf and blind Because she has refused to sit in a chair lamenting her lot, permitting friends to wait upon her, she has encouraged uncounted men and women boys and girls, of lesser tribulations to adopt a similar positive philosophy

Every once in a while Miss Keller is publicly feted on her birthday anniversary or other occasion and the tributes she receives on account of the luminous example of courage she sets make reminders seem rather obvious

Less publicized and in fact usually not known save to their families and close friends, youngsters and adults over the land are being amazingly brave in iron lungs, or otherwise not able to move about as Miss Keller does Others are wasting away with fatal diseases still others never know if or when they can leave their sick beds There are invalid heroes and heroines who every hour of the 24 display more real courage than does a soldier during battle

Usually they like to be treated like normal persons, not pitied and this also is an attribute of splendid exaltation of spirit Few of these are given medals or public ovations, but few want these.

GRIN AND BEAR IT By George Lichty

'Guess I m getting old' . . . I don t get a kick out of starting from scratch again, every year . . ."

The Once Over

By H. I. Phillips

It's In the News

Maybe they've been taken back, but, even so, the firing of 18 girl guides at the United Nations for losing their freshness and enthusiasm" in the work of inspiring visitors with the glories of the organizaton, would seem the boner of the year Millons of visitors and TV fans who have observed the bored expressions, yawnings and even catnapping of diplomats at vital sessions of UN feel that in imposing penalties for the "loss of freshness and enthusiasm" somebody went far afield in picking the girl guide as top targets Omigosh!

- -

A gal striving day after day to glorify U N. and its facilties has her work cut out for her Energy, high resolution, fortitude and patience are required On such a job we would lose some of our freshness and enthusiasm at the end of the first week

The young women of course mustn't get too stale, but the dismissals sounded pretty abrupt. You would think the employers and the gals could have found a way to 'co-exist" at U.N. of all places

We insist that the cuties have never come within a mile of the diplomats in registering a loss of freshness and enthusiasm for their jobs at the United Nations skyscraper (And the diplomats don t even have the excuse My feet hurt')

- -

Nobody was more surprised than the producers and writers when Broadway's new musical 'Silk Stockings" landed in the hit class. . . . The show, on the road since Thanksgiving, hung up a new record for revisions and rewritings and had so many fights among the authors that it could have come in entitled 'War and Peace' Even Malenkov was among those quitting during the road troubles Cole (Can-Can) Porter s music highlights the show, and, since it spoofs the Kremlin we can t see why it wasn t called 'Krem Krem" . . With 'Silk Stockings" and "Pajama Game" current hits, Ima Dodo says she wants to see those other wearing apparel shows 'T Shirts and Sympathy,' 'The Bad Suedes" and "Peter PANTS"

- -

Wife of Edward G Robinson asks divorce for cruelty after being wed to "Little Caesar" for almost 30 years. It surprises movie fans to think he could take that long to give anybody a convincing performance Could it be that, through force of habit, a top portrayer of toughie characters comes home talking out of the side of his mouth" We hope the Robinsons will get together and that it will develop the wife's patience was exhausted watching not Robinson but his imitators

---

That raise in congressmen s pay should keep the wolf from the gasworks Now they can afford to keep a stock of TV costumes and will have no good excuse for not pressing their clothes or getting a haircut twice a year

Those Red China pictures of American prisoners smilingly holding tennis rackets will not fool anybody into believing that the commie attitude toward its unfortunate captives is expressed by a daily inquiry of "Tennis, anyone?"

When the Reynolds yacht 'Scarlett O'Hara" burned and sank the other day off Miami we assume the first boat to the rescue was the "Rhett Butler" Sen Saltonstall helped prepare a kettle of Boston fish chowder in Washington As good as this dish is, he could have won his salary raise without it.

The fight over the appointment of Judge Harlan to the Supreme Court at least shows that care is being shown about the matter. There have been times in the last 20 years when it seemed anybody could make it who was out of work, hadn't had much court experience and held queer views

A $2,000 jackpot was won on Groucho Marx's last program for knowing that Rodin was the sculptor who did "The Thinker" ! ! Since this is a program on which plenty of contestants would have answered that it was George Gershwin, Julius Caesar or G Bernard Shaw, the reply is encouraging to educators

One of the best gags in "Silk Stockings" is going to get her first chance to do a picture out of water'

(Associated Newspapers)

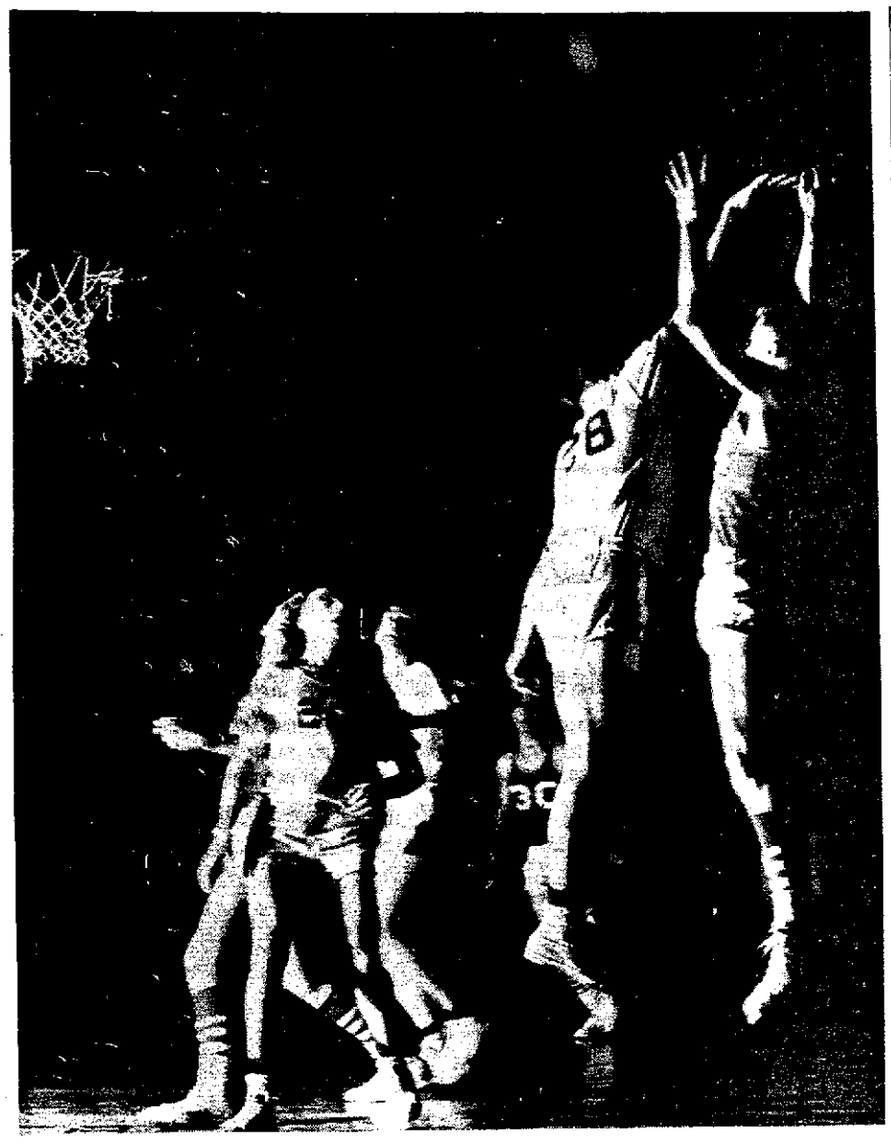
Galion Rally Downs Prexies 62-59; Mansfield Wins



NEAR MISS. Harding's Phil Sykes cuts loose from the field during third period action last night in the Prexies' meeting with Galion. Galion's Tom Quay (28) attempts to block the shot while Bob Messner of Harding awaits the rebound. Messner is covered by Charles Miller (26) and Bob Morgan. Harding's Gene Armstrong (30) is in the background.

Harding Falls After Taking Early Margin

By JOHN SHORT

Inability to hit from the foul line and a collapse in the final four minutes brought Harding High School's cage season to an abrupt end last night as the Prexies bowed to Galion 62-59 in the Marion Sectional Class A tourney at the Coliseum.

In the second game of last night's program, Upper Sandusky's Rams proved no match for the power-packed Mansfield Tygers. The Mansfielders moved into semi-final action with a 78-43 verdict.

In Friday night's semi-finals Shelby will meet Ashland in the opener at 7 p.m. and the Tygers and Galion will clash in the nightcap. Friday night's winners will meet Saturday for the sectional crown and a trip to the Toledo District event.

—:—

THE PREXIES led all the way until the Galion squad rallied in the last half of the final period to overcome an 11-point Harding edge.

Lowell Carlisle batted in a pair of rebounds and Joe Snouffer and Phil Carroll dropped in fielders from outside to give the Prexies an 8-1 edge in the opening minutes of play. From there hte Harding team forged into a 21-12 lead at the end of the first quarter.

Midway in the second stanza, the Galion squad whittled the lead to three points, 28-25, when it dropped in seven straight points but the Prexies, led by Bibler who scored on two jump shots, came back to regain a 10-point margin at the half which ended with Harding out front by a 37-27 count.

The Galionites managed to cut only one point from its deficit and went into the final period trailing 51-42.

Shifting into a press the Tigers appeared to have the Prexies off balance at the start of the fourth and cut the margin steadily until Harold Garverick moved his mates into their first lead at 58-57 when he connected on a jump shot with 4:21 left.

From there on the Tigers man-

KEYS IN INDIANS' 1955 FORTUNES. Manager Al Lopez (right) talks things over at the Cleveland Indians' training camp in Tucson, Ariz., with the two most talked-about players in camp, rookie pitcher Herb Score (left) and slugger Ralph Kiner. The young southpaw compiled a sensational record at Indianapolis last season, while Kiner was obtained in a deal with the Chicago Cubs.

Bows 53-42

Claridon Defeated in First District Tournament Start

By GARY SAMS

Claridon was toppled out of Central District Class B Tournament play by Liberty Union's Fairfield County champs 53-42 in its opening tourney test Wednesday night at Westerville.

The Hornets remained in the game during the first half but dropped behind for good in the second due to their inability to hit from the field and charity circle and Liberty Union's control of the ball.

Claridon's loss left Prospect (20-2), and LaRue (17-3) to carry Marion County's hopes in district competition. Prospect's county champs take on Atlanta (16-7) at 7 p.m. tonight at Westerville in the opener. LaRue's county runner-up squad faces Scioto (18-15) in the second game at Capital Friday night.

—:—

COACH BUS Augenstein's cagers trailed 13-11 in the opening period before jumping ahead at halftime as Liberty Union's Robert Todd, a diminutive 5-6 guard, fired in five fielders. Four of them were set shots. Claridon was unable to take the lead in the second period until late in the stanza when Gail Castle scored on a lay up and foul shot to give the Hornets a 19-18 bulge. Larry Row, who paced Claridon's second quarter attack with seven points and had 11 at intermission, hit from the field and added a pair of free throws at the 2:43 mark to give the losers a 23-18 bulge but it was narrowed to 23-22 at halftime.

During the first half, Claridon hit on its first six free throws and wound up with 13 in 17 attempts. Its figure had dropped to 16 for 34 at game's end, however.

Tom Tussing and Marlo Mills, Liberty Union's pair of 6-3 scoring aces, took over at the start of the third frame to pull the game out of Claridon's reach. Mills scored six points in the early stages of the period to boost Liberty Union into a 39-31 advantage heading into the final frame. Liberty Union worked into a 46-36 bulge early in the period and stalled out most of the stanza.

—:—

TODD WAS Liberty Union's top scorer with 15 points and, Tussing came in with 14, all in the second half. Mills, who hit for only three in the first two periods, had 12. Larry Row was the top scorer for Claridon's county consolation winners with 17 while Castle finished with 11.

The loss closed Claridon's campaign at 17-4 while it was Liberty Union's 19th win against three setbacks. The winners will meet the winner of tonight's Prospect-Atlanta game in their next assignment Saturday night.

CLARIDON 42

Castle 4-3-1; G. Row 2-2-6; Howser 1-6-8; Johnston 0-0-0; L. Row 6-5-17; McClenathen 0-0-0; McCoy 0-0-0.

LIBERTY UNION 53

Tussing 6-2-14; Robert s 3-2-8; Todd 7-1-15; Mills 4-4-12; Keller 0-1-1; Bitler 1-0-2; T. Young 0-1-1; McDaniel 0-0-0; N. Young 0-0-0.

Teamwork Now Produces Big Discoveries

Lone-Wolf Genius Fast Disappearing

By DAVID BARNETT

WASHINGTON (NANA) — Team work is crowding out the "lone-wolf geniuses" woh accounted for the big discoveries in the past.

Schoolboys of the year 2000 will have trouble finding such hero-inventors as Alva Edison and Alexander Graham Bell to dream about. By then, the electric light bulb and the telephone will be old hat. And the new wonders probably will not be associated with any one individual.

Dr Edward Teller, who was on the way to a history-book designation as the "Father of the H-Bomb" has written a history to show that the conquest of nuclear fusion was the accomplishment of teams of scientists working toward a common end.

And Dr. Alvin F. Coburn, of the Rheumatic Fever Research Institute, Northwestern University, has concluded that "the last half of the 20TH Century may well be the period of team conquests."

In a paper prepared for the Office of Naval Research and published in the current issue of its Research Reviews, Dr. Coburn notes that in his field, medicine, almost every one of the conquests in the 25 years ended in 1950 was associated with the name of some single discoverer or pair of co-workers.

—:—

BUT SCIENCE HAS become so complex that a team of scientists representing mutually supporting disciplines may offer a more effective approach.

The question, he says, now is: "Can conquests which cannot yet be made by the individual be made by groups of men closely coordinated?"

Dr. Coburn, who has had research experience as a "lone wolf," as a collaborator, and as a member of a team, thinks they can.

One of the difficulties in research is the tendency to shape a problem to a preconceived idea. The team, Dr. Coburn contends, has an advantage in that the members will probably not all have the same blind spots or preconceived ideas.

In addition, the worker in medical research "is more than ever dependent on equipment, library facilities and close association with other laboratory workers," he avers.

—:—

DR. COBURN ADMITS that without the "divine spark" of the original, individual worker, there will be no science.

But, he contends, "The man on a team who is worth his salt is indeed an independent investigator who has original ideas but who plans his tactics to fit in with an over-all team strategy."

In the past, the researcher has "attacked his medical problems alone, with 'pick and shovel'," Dr. Coburn concludes. "But the problems of medical research now confronting us are more complex, and the answers are not so close to the surface.

"To get down deep, the individual worker must have a 'diamond drill' and a team of colleagues."

That may mean more progress, but it is unlikely to provid erelatively simple heroes like Pasteur for boyhood dreams.

Second Teacher Hired For Students in Bucyrus

BUCYRUS — Employment of Mrs. Alberta Schultze of Bucyrus as assistant teacher for the class of mentally-retarded children, which meets daily at Kilbourne grade school here, was announced today.

Mrs. Schultze succeeds Mrs. J. M. Lack, Bucyrus, who has resigned. Miss Harriet Markey of Galion is head teacher of the class, which is sponsored by the Crawford County Association for Mentally-Retarded Children.

Association officers reported that there now is $3 230 in the treasury and that tuition rates are being paid by the school boards in the county.

Mrs. H. K. Pirnstill, Bucyrus, who helps with the children's classroom exercises, has donated two metal storage cabinets to the class, Miss Markey reported.

Must Visit Grave

WHITE PLAINS, N. Y. (AP)—The will of Charles Stuart Folsom provides that beneficiaries of his $2,700,000 estate must visit his wife's grave once a year or the money stops. Named in the will were a number of family servants and friends. The remainder goes to the Maud Glover Folsom Foundation, which will provide scholarships in memory of his wife.

Ike's Proposal For Four-Year House Term Hit

Constitution Framers Right in 2-Year Term, Congressman Claims

WASHINGTON (AP) — President Eisenhower's recommendation for four year terms, instead of the present two for members of the House is not likely to get to first base Rep Celler (D NY) said today

Celler is chairman of the House Judiciary Committee, which has before it four bills calling for a constitutional amendment to put into effect a four year term Celler's comment indicated they won't emerge from the committee

The President's recommendation came at his news conference yesterday as he praised a bill raising congressional pay from $15 000 to $22 500 a year He signed it into law effective Tuesday shortly thereafter

Celler told reporters the framers of the Constitution used rare judgment when they set up two year terms

'The House is closest to the people, and the Founding Fathers rightly felt that in this ever changing world the people should have a right to voice their opinion through their representatives every two years" he said

Celler declared 'It is no hard ship to run every two years' And he added that the two year term is part of the general scheme of government in which senators are elected for six years the President for four and House members two

Rep Doyle (D Calif) author of one of the four bills to extend the term of office, took a different view

Too much of House members time is taken up with electioneering and we ought to be free at least 3½ years to tend to our legislative business' he said

Beer Interests Win Round in Legislature

COLUMBUS, Ohio (AP)—Representatives of Ohio beer interests today succeeded in having stricken from a bill before the Senate Education Committee the requirement that all schools shall teach 'the harmful effects of narcotics and alcoholic beverages"

The amendment by Sen Raymond E Hildebrand (R-Lucas) was to the so-called "Three R's bill which would restore the requirement—dropped in 1953 — that Ohio schools must teach a number of basic subjects The committee adopted the amendment 6-3

The bill has been approved by the House

Dance Studio To Hold Grand Opening

GRAND OPENING of the Martha Douce Dance Studio at 488 Girard Ave will be held Saturday and Sunday

Radio and Television

By JOHN CROSBY

Short Range Thinking

On television the other day, I predicted, rashly, that there would be scarcely a comedian on night time television within five years, that TV stars of the day would be a different breed of cat entirely — something more along the lines of Tyrone Power or Marilyn Monroe.

JOHN CROSBY

Well, predictions about television are always risky business; television has a habit of going its own way, confounding the experts. If you're going to make predictions about TV, the safe thing is to forecast five years ahead, knowing full well everyone will have forgotten by then.

-:-

FROM MY PARTICULAR vantage point in the gutter, it does seem to me that the thinking in television, if there is any, is pretty short range. Television is still dominated by people who were in radio and who can't quite get radio practices out of their head. The comedian ruled the roost in radio and he came on once a week for half an hour; therefore, television would be the same.

Well, the comedy shows and the comedians have done well but that's no reason to think they always will. After all, in the early days of the movies the comedians —Buster Keaton, Fatty Arbuckle, Charles Chaplin, Harold Lloyd— ruled the roost, too. Then came the romantic leads and then, much, much later, came the actors.

-:-

THERE ARE STILL comedians in the movies — Martin & Lewis were the biggest thing to come along in years — but they're definitely outnumbered by the Robert Taylors. The odd thing about television is that it has never recognized the drawing power of its straight actors. Actors like Richard Kiley and John Newland have always had a tremendous following. Any teen-ager can tell you that. The only people that don't know it are the ad agencies and the networks.

The outsize salaries, the billing, the newspaper ads always favor the comedian, hardly ever the actor —unless he is a movie name. Just the other day Kraft repeated its hit dramatic show "Patterns" and ran full page ads heralding the repeat. The ad didn't mention the name of a single actor, the writer of the show, or the director-producer. Can you imagine MGM advertising "Gone With the Wind" and concealing the fact that Clark Gable, Vivian Leigh and Leslie Howard are in it?

-:-

THE BITTER competition between CBS and NBC has driven the price of Hollywood names to ridiculous heights but both networks have consistently ignored the tremendous star-creating potentialities of its own medium. Actually, a TV star can be created overnight — much faster than a movie star. Look at George Gobel.

Yet, almost nothing is being done to train young people to be ready for the tremendous exposure they get on a network show. For the $50,000 that was paid Ginger Rogers for a one-shot appearance on NBC, the network could run a school training a score of talented youngsters for a couple of years.

Getting a Ginger Rogers is a great way to buy a rating for Monday night—but what about next Monday night or Monday night a year from now? Seems to me that for just a fraction of the vast sums now being thrown to Hollywood to procure big names NBC could tainr a dozen of its own, release them to the public when they're ready—and not until they're ready—and build their own names over which they exercise some reasonable degree of control.

And it might be sensible for someone to start thinking a little bit about what the public is going to want—not tonight but three years from now. The comedian is not the only kind of actor to catch the public fancy.

(N. Y. Herald Tribune)

Johnny Michelosen, Pittsburgh's new head football coach, once received a letter addressd to Johnny Michael Olsn.

Orange Pudding in Tulip Shells Is Delicious

For a delicate, appealing dessert, serve tulip shells filled with a coconut cream orange filling.

Made with little time or expense, they can also be filled with chocolate, vanilla or butterscotch puddings.

To prepare the orange filling, use:

5 baked tulip pastry shells or baked 4-inch tart shells
Orange sections, freed from membrane and diced
1 package coconut cream instant pudding mix
2 cups cold milk

Line bottom of pastry shells with orange sections.

Pour milk into mixing bowl. Add package of instant pudding mix and beat with egg beater 1 minute, or until well mixed. Pour at once over diced orange sections in shells. Let stand 15 minutes before serving. Garnish with additional orange sections, if desired. Makes 5 tarts.

To Make Tulip Pastry Shells, prepare pastry according to your favorite recipe. Then roll pastry ⅛ inch thick on lightly floured board. Cut six 2½-inch circles for each shell. Arrange pastry circles in 4-inch glass baking cups, placing 1 circle on bottom of each cup and 5 circles around the sides. Moisten overlapping edges with cold water and press together to seal. Turn top edges down slightly. Prick pastry with fork. Bake shells in hot oven (425 degrees F.) 10 to 12 minutes, or until lightly browned. Cool shells before filling.

Author Will Explain Proposed Changes in State's School Law

Rep. William L. Manahan of Defiance, chairman of the Ohio School Survey Committee set up by the Ohio General Assembly, will report on work of the committee at a public meeting Saturday morning.

The meeting will be open to the public and will be held at 9:30 a.m. at the Harding High School cafeteria. The gathering is sponsored by the legislation committee of the Marion County Education Association.

Rep. Manahan's committee recently made public its recommendation for improving public schools throughout Ohio. Included in the recommendations were proposals to change the program through which state aid is given to public schools.

The committee also has recommended making some subjects compulsory in Ohio schools. This recommendation has been passed already by the House of Representatives and is now before the Senate.

Special invitations to the meeting are being sent out by Floyd Hofacker, principal of Glenwood School and chairman of the education association's legislation committee, to Civic groups and PTA's.

At the meeting, Manahan is expected to explain reasons for some of the changes and also explain how the changes will affect schools in the state.

HOSE HAZARD

MONTVILLE, Conn. (UP)—Firemen fighting a house blaze were hard pressed for water. They discovered a nearby pond and unrolled their lines—across railroad tracks—and began pumping. Minutes later a freight train passed and cut the hose. The house burned down.

Churchill Draws Fire From Soviets

LONDON (AP)—Moscow radio accused Prime Minister Churchill Wednesday of supporting an atomic and hydrogen bomb race in his speech to the House of Commons Tuesday.

In the first Soviet reaction to the Prime Minister's address, the broadcast said, "Churchill took upon himself the role of protagonist of the atomic and hydrogen bomb race."

"Churchill expressed his support for the application of atomic and hydrogen weapons in war," it said.

In his speech yesterday, the Prime Minister said the United States has an overwhelming superiority in thermonuclear weapons which the Soviets might cut within four years but which they could not nullify. He said the risk of war might be less then, "for both sides will then realize that global war will result in mutual annihilation."

Delivery of Red Papers Halted by Post Office

WASHINGTON (AP) — The Post Office Department has stopped delivery of the Soviet publications Pravda and Izvestia to most U.S. subscribers.

Acting under a legal opinion from the Justice Department, postal officials have been confiscating and destroying copies of the two Soviet publications as part of a program aimed at choking off the flow of Communist propaganda into the United States.

The Justice Department advised the Post Office that in general it has the right to refuse to deliver publications that contain unauthorized foreign political propaganda.

TIMBER!

BSTON (UP) — When the basketball teams of St. Michael's College of Vermont and Stonehill College played their first half at Boston Garden there was much confusion. Both teams wore white uniforms. St. Michael's players in the second half wore green jerseys lettered "Marcus Lumber Co." St. Michael's won, 93-53.

West Warned On Decreasing Water Supply

LOS ANGELES (UP) — Water, the West's major natural resource, is being badly misused, and if something isn't done about it soon, the area stretching from the Great Plains to the Pacific Coast will not be able to meet the demands of the future, an irrigation expert has warned.

Martin R. Huberty, professor of irrigation and engineering on the Los Angeles campus of the University of California, pointed out that the West uses most of its water for irrigation.

But, he added, only two per cent of that vast land area is under irrigation, and because of poor methods, much of the water now in use is lost by evaporation.

Huberty declared that farmers must learn to apply irrigation water more effectively, if their land is to produce enough food to meet the demands of a growing population.

To conserve the water already available, Huberty added, industry should make a conscious effort not to pollute water supply unnecessarily so it will be available for re-use.

As for developing new sources of water supply, Huberty warned that neither cloud-seeding nor reclaiming sea water are likely to help out in the immediate future.

However, he said, results to date do show promise for reclaiming slightly salty waters in arid regions.

Huberty said promising areas for new water supplies which could be used for expanded irrigation and other needs include Hudson Bay in North Dakota, the Mississippi River for the Great Plains area, the Gulf of Mexico for Texas and part of New Mexico, the Gulf of California for the Colorado River watershed land, the great basin of Utah and Nevada, and the great basins of the north and south Pacific coast.

These seven major drainage basins cover approximately 1,118,000 miles, he said, and when and if developed, could provide all the water necessary for expanding needs.

19 Men Enlist In Air Force During Month

A total of 19 young men from Marion and the area enlisted in the U. S. Air Force through the local recruiting station at 123 E. Center St. last month, S-Sgt. James A. LeRow announced today.

Sent to Sampson Air Force Base, N. Y., for basic training were Thomas Ireland of Edison, Joseph Wiley of Rushsylvania, Lester McKean and Paul Adkins of Kenton, Larry Hoptry of 467 Scranton Ave., and Russell Seiter of Cardington.

Now at Lackland Air Force Base, Tex., are James McNeal of Magnetic Springs, Billy Beck of Bucyrus, Gerald Adams of 607 Ballentine Ave., Bradford Brady of near Marion, Gary Hudnall of near Morral, Robert and Charles Hartley of 424 Lee St., George Ages of Bucyrus and Austin O'Hara of 323 Davids St.

Three men with previous service in the Air Force were sent to Wright Patterson Air Force Base, Dayton, O., for reassignment. They were Edgar Allen of 351 Leader St., Lewis Spitzer of Twin Oaks Trailer Park and Lawrence Perkins of Delaware.

James Miller of Galion qualified for aviation cadets and was sent to Chanute Air Force Base, Ill., for final testing.

STRIKE SETTLED

CLEVELAND (AP) — The AFL Chemical Workers Union announced last night the settlement of a month-old strike of 55 employes at the Reilly Tar & Chemical Co. The union said a new one-year agreement calls for a three-cents-an-hour general wage increase.

BOOST PUBLICITY BUDGET

NEW YORK (AP) — The National Council of Churches has announced it will spend a record $1,405,000 this year on religious films, television and radio programs, an increase of $245,000 over 1954.

ICE BOOTED

NEW YORK (INS)—Ice forming on helicopter rotor blades once kept these "whirlybirds" grounded whenever subzero conditions were encountered. Now, thanks to a development of B. F. Goodrich, electrically heated rubber boots that fit snugly along the blades prevent ice from depositing its dangerous weight on the lifting surfaces. Installed on a Bell helicopter, the anti-icers provide a "hot foot" that makes flying possible in any weather.

WOMEN ENGINEERS

PROVIDENCE, R. I. (UP) — The Providence Engineering Society has decided to recognize the 19th Amendment. The 60-year-old society voted to admit female engineers.

BRIEF WILL

HARTFORD, Conn. (UP) — A 16 word will, written on paper measurinf two by four inches, was admitted to probate. It was signed by the late John Wysocki and read, "In the event of my death, I want my car to go to my son, Joseph."

Jury Awards Man $7,500 in Death of Child

A Marion County Common Pleas Court jury Wednesday night awarded $7,500 to Ralph Stoner of 368 Girard Ave., administrator of the estate of his daughter, Joyceanne.

Stoner had brought suit for $25,000 against JoAnn Gallina, 17, and her father, Carl, of 901 York St. charging wrongful death. Miss Stoner was killed in an automobile accident in November, 1953, when a car driven by Miss Gallina failed to negotiate a curve on Route 739 near Green Camp and crashed in a field.

In his suit Stoner asked $25,000, charging Miss Gallina with reckless operation of the car. Miss Gallina, Miss Stoner and two other schoolmates were in the car.

The jury of eight men and four women deliberated more than four hours before returning their verdict about 8 p.m. last night.

Representing Stoner in the case was the law firm of Donithen, Michel and Davis. The defendants were represented by the firm of Wilhelm and Robinson.

Another suit filed by Stoner is still pending on the court docket. That one seeks $1,200 for bills incurred because of the accident. No date has been set for that hearing.

Other suits pending against the Gallina girl and her father were filed by the parents of the other two girls injured in the accident. Ernest W. Newell of 843 Uncapher Ave. has a suit filed in behalf of his daughter, Esther, asking $10,000. Harold E. Glenn of 375 Clinton St. also is asking $10,000 on behalf of his daughter, Marie.

Navy Recruiter Assigned Here At Courthouse

Raymond Romanowski, chief boatswain's mate, has been assigned to Marion as a full-time recruiter. He set up his headquarters in the county commissioners office in the courthouse this morning.

Coming here from the Navy Recruiting Center in Mansfield, Romanowski will be at the commissioners office Monday through Friday from 9 a.m.to 5 p.m. and on Saturday until noon.

His home town is Toledo. He joined the Navy 17 years ago and saw service before World War II, during the war and during the Korean Conflict.

He has been on duty in the Atlantic, Pacific, Philippine and Korean theaters of operation.

He will live at the Twin Oaks Trailer Park north of Marion with his wife. His territory here will include all of Marion, Morrow and Wyandot Counties.

He announced this morning that enlistments were open in the Navy for men from 17 to 31 and for women between 18 and 36. Romanowski also said the Navy is offering young men ages 17 a chance for a "minority enlistment." Under terms of this enlistment, they join before they reach 18 and are discharged on their 21st birthday. For men 18 or older, the enlistment period is four or six years.

Romanowski's first day here produced a reunion with one of his old shipmates, Don Bowen of near Marion, who is a barber in town. The two had served on board the U.S.S. Sumner in the Asiatic Pacific during World War II and had not seen each other for 10 years.

Bowen said he saw Romanowski on the street before Christmas. At that time, Romanowski was here on a temporary basis. Checking with Navy authorities Bowen found his old shipmate would be assigned here permanently today and went over to the courthouse for the reunion.

Bowen said he and Romanowski had already made a few plans for holding a reunion for all the men from Ohio who had served aboard that ship. There are about 35 in the state. The reunion will probably be held some time this summer.

O'Neill Aide Speaks to Businesswomen and Guests

Call for Higher Concept Of Citizenship Issued By Mrs. Lila Black

More than 70 members of the Business and Professional Women's Club and their guests last night heard a challenge to a "higher concept of ourselves as citizens."

The speaker was Mrs. Lila Black of Avon Lake, legal assistant in the office of C. William O'Neill, Ohio attorney general. Her subject was "I Pledge Allegiance."

—:—

THE OCCASION was the annual employer-employe dinner of the club at Hotel Harding.

In charge of the program was the education and vocations committee headed by Miss Janet Geddis. Table decorations in keeping with the March theme of St. Patrick's Day were green and gold. An arrangement of green carnations and pussywillow centered the speaker's table. Reading of the club collect preceding dinner was by Miss Ruth Kleinmaier. Greetings were by the club president, Miss Clara Alice Wilson, followed by introduction of guests.

Music was by Mrs. Gerald Jennings of Marion. She played three piano selections, "Rustle of Spring," Sinding; "Butterflies," Grieg; and "Punchinello, the Clown," Schutte.

—:—

ASSOCIATED with the attorney general's office since 1950, Mrs. Black has opportunity to be of service to many public officials. In her professional capacity she provides legal information for the various state departments and travels throughout Ohio. Speaking before schools, churches, civic clubs and other organizations, she fills a non-official public relations job for her department.

Among other experiences is her work with Buckeye Girls State. She supervises music and recreation at this annual activity in which girls learn the workings of government, sponsored by patriotic organizations. In addition, she assists in supervision of the "state," counseling the girl who is elected "attorney general."

PROGRAM LEADERS in the Business and Professional Women's Club employer-employe dinner and their guests look over the printed program. Appearing from left to right are Robert S. Brown, superintendent of Marion city schools, a guest; Miss Clara Alice Wilson, principal at Pearl Street School and president of BPW Club; Mrs. Lila Black, legal assistant to the Ohio attorney general and guest speaker; Miss Violet McBride, principal at Vernon Elementary School, a guest; and Miss Janet Geddis, a teacher at Vernon School and chairman of the education and vocations committee of BPW Club, in charge of the dinner meeting.

Phrase by phrase Mrs. Black discussed the familiar pledge of allegiance to the American Flag and to the United States of America. She emphasized the idea of citizens taking full responsibility for maintaining high standards of government. In this she included the importance of keeping informed, of voting intelligently, wise use of opportunities afforded, pride in our system of government, and personal dedication to the cause of the republic, "one nation, under God, indivisible, with liberty and justice for all."

—:—

THE GUEST LIST included Mr. and Mrs. Robert S. Brown, J. D. Torrance, Gerald A. Davis, Sol Freed, A. L. Kessler, Dr. Jay L. Plymale, Howard G. Ziegler, Mrs. Catherine S. Raub, Don Quaintance, Bud Burke, C. R. Lehman, D. F. Lewis, M. E. Baldwin, John A. Maxwell Jr., William R. Diem, George F. Kennedy, Mrs. Thelma Willcox, Mr. and Mrs. Joseph G. Whisler, Ray J. Silver, Melvin C. Bernow, Robert E. Cunningham, Carl H. Knirk, John M. Vestal, C. L. Baxter, John C. Ewald, John T. Head, C. M. Rogers, Miss Vivian Hall, Harley D. Walker and Miss Violet McBride.

Loss in Millions As Major Fires Hit U.S. Cities

By The Associated Press

Fires damaged waterfront sections of both Boston and San Francisco and a business block in Manchester, N.H., went up in flames early today.

Some 300 Boston firefighters—aided by city fire boats, Navy and Coast Guard vessels—battled a spectacular blaze on 500-foot long, historic India Whar, which dates back to pre-Civil War clipper ship days.

The fire still burned nearly four hours after it broke out but fire officials said it was contained and would not spread.

No one was reported injured, but damage was estimated at $100,000 to more than a dozen two-story wooden structures. Authorities called in the arson squad to determine the fire cause.

At San Francisco, a four-alarm blaze in a waterfront warehouse lighted up San Francisco Bay and threatened a nearby utilities gas plant for 1½ hours before being brought under control.

The blaze, of undetermined origin, whipped through an old sugar warehouse being razed to make room for new construction.

At Manchester, N.H., several business establishments were destroyed in a three-story, three-building block in the heart of the city.

The blaze, burning for 12 hours last night and early today, caused an estimated million dollars' damage. No serious injuries were reported.

All available fire equipment fought the flames in freezing weather and a heavy drizzle. A fire official said the blaze apparently started after the stores were closed for the regular Wednesday half-holiday and smouldered all afternoon.

The buildings housed a number of business and retail shops as well as doctors' and dentists' offices. Cause of the fire was not immediately determined.

At Colorado City, Tex., yesterday 12 men were injured—two critically—when an oil well pipe under 3,300 pounds pressure broke and sprayed oil mist over men and equipment before bursting into flame.

The fire burned itself out after Red Adair, Houston oil field fire specialist, shut off the flow of oil from the well. An official estimated the loss at "over a million dollars."

CLOTH O'EIRE. Barbara Cook becomes Irish Linen Queen for 1955 as Claudia Taylor crowns her in New York in time for St. Patrick's Day. The Queen wears a sweeping floor-length gown in white and carries a bouquet of handkerchiefs, shamrocks and spring flowers.

Traffic Cases In City Court

Four persons were fined a total of $60 and costs on various traffic violations when they appeared in Marion Municipal Court Wednesday.

All fined $15 and costs apiece, the drivers and the charges were: Charles Everett Jr., 33, of Eaton, Ind., no turn signals; Burlin Hunt, 32, of 435 Pies Ave., operating on a temporary permit; Kenneth Hall, 48, of Crestline, stop sign violation; and L. C. Robinson, 18, of 194 Edwards St., reckless operation.

Two drivers had their fines suspended. Burton Patterson, 18, of 458 S. Vine St. was charged with reckless operation and Twila June Messenger, 31, of near Nevada with speeding. Patterson was given a six months' suspension of his driving rights.

District Traffic Case

One arrest was made Wednesday outside of Marion County by state highway patrolmen from the Marion post.

Robert A. Slatton, 26, of Mansfield, was fined $20 and costs by Mayor Don Healea of Cardington on a charge of unsafe operation.

Juvenile Court Case

A 17-year-old Marion youth was fined $25 and costs in Juvenile Court Wednesday when he admitted charges of driving with no operator's license and failing to obey a stop sign.

Ohio Newsman, Wife Testify in Matusow Case

Former Agent for FBI Tells of Acquaintance With Alleged Ex-Red

MIDDLETOWN, Ohio (AP)—A Middletown Journal reporter who helped Harvey Matusow in the days Matusow was denouncing Communists said he and his wife wonder today if they have been the "prize chumps."

John J. (Ed) Edmiston, city hall and business news reporter, befriended the confessed liar in 1951.

A sworn statement signed by Edmiston and his wife, Martha, was introduced before the Senate Internal Security subcommittee yesterday. The group is studying Matusow's many stories of lying about communism.

The Edmistons said in their 11-page affidavit that they have "reliable information" Matusow rifled a dormitory at Antioch College, Yellow Springs, Ohio.

"Our opinion at first was that Mat had arrived at a very clever publicity gimmick," Edmiston said. "Up to a few days ago we thought that the 70-75 page memorandum of his experiences, written in 1951, was a true record of his party experiences. We believed it.

"It looked like an honest outpouring from a young guy who was egotistic but very sincere."

But events in the last few days have shaken their confidence, he said.

"Martha and I have been wondering if we have been suckers in a nice Communist plant plot. Good God if true, we have been the prize chumps."

Edmiston said he met Matusow in July or August of 1951. The professed former Communist had told a chaplain at Wright-Patterson Air Force Base that he wanted to help fight communism. He was put in contact with Mrs. Edmiston, then working in public relations at the base.

"He lived with us every weekend until December or January 1952," Edmiston recalled.

Matusow testified he "broke" with the Edmistons because "John Edmiston was a habitual drunkard—a professional witness who could not stay sober."

Paul Day, Journal news editor, called Edmiston a sober and "reliable and energetic reporter."

Edmiston, 55, has worked for the Journal for the last 15 months. Before that he was employed by the Dayton Journal-Herald and at Wright-Patterson. His wife is the public relations director of a Middletown manufacturer.

Committee aides in Washington said the Columbus, Ohio, born reporter and his wife were former undercover agents for the FBI.

Vote on Harlan By Judiciary Committee Due

WASHINGTON (AP) — Judge John Marshall Harlan's nomination to the Supreme Court, first submitted by President Eisenhower last November, may come to a vote in the Senate Judiciary Committee today. Then again, it may not.

In advance of a closed meeting of the committee, there was uncertainty about whether there would be further delay. The answer may lie in the number of members present.

Senators supporting Harlan's nomination said they believe a majority of the 15-member committee will recommend Senate confirmation.

Three members, Senators Eastland (D-Miss), Olin D. Johnston (D-SC) and Langer (R-ND), have announced they will oppose confirmation. At least five other committee members have declined to commit themselves publicly.

Eastland and Johnston have said they oppose Harlan because they fear he might rule that the United Nations Charter or other treaties could override the U.S. Constitution and state and federal laws.

In public hearings last week, Harlan himself testified that as a Supreme Court justice he would uphold and enforce the Constitution and the laws enacted by Congress.

Harlan, confirmed by the Senate last year as a judge of the 2nd U.S. Circuit Court of Appeals, said he was "no one-worlder" who favored surrender of American sovereignty to an international organization.

Langer put his opposition on an entirely different basis. He said he was going to oppose Harlan or any other New Yorker until some of the smaller states such as North Dakota receive greater recognition in nominations for top government posts.

Eisenhower selected Harlan after the death last October of Justice Robert H. Jackson.

Spokesmen for both the American Bar Assn. and the New York State Bar Assn. highly praised Harlan.

Further Appraisal Made Of Stengel Estate Items

Another partial appraisal of the estate of the late Dr. Frederick C. Stengel was filed in Probate Court Wednesday. Included in the list of items appraised were more of the collection contained in his office on S. State St.

The items appraised — china, glassware, phonographs and records, clocks, statues, furniture, books, coverlets, and other miscellaneous items, were valued at $13,380, bringing tht total appraisal so far to close to $100,000.

Appraisers for the estate are Robert E. Coe of 149 E. Church St., Roscoe W. Kelbley of Tiffin and James J. Drake of 556 S. Vine St.

Some of the items which the appraisers feel have historical value will be kept for the Stengel-True Museum according to terms of Dr. Stengel's will. The rest will be sold at public auction.

Stocks

(Continued From Page 1)

shall be watchful for facts or information to that end."

The inquiry opened with stock market prices already higher than in 1929 and still rising. The boom which began in September 1953 carried prices to the highest level in their history at the close of on the New York exchange yesterday.

The Associated Press averaged of 60 selected stocks rose to $162 yesterday, an increase for the day of $1.40.

Funston said in prepared testimony, however, that these prices can't really be compared with 1929 figures because, for one thing, of "the substantial decline in the value of the dollar in the past quarter century."

"The price inflation we have seen since 1929," he said, "would by itself mean that—in terms of purchasing power—prices will not reach 1929 levels until—in terms of dollars—they exceed 1929 levels by 50 per cent or more."

The stock exchange president went on to say there are "some similarities" between 1929 and 1954 but "it is the differences which are significant."

"We believe," he said, "that the market has been functioning in an orderly manner and that the present market level reflects the public's appraisal of present business conditions and prospects for the future."

To guard against "skulduggery," he said, the exchange has "kept a careful watch for excesses which would indicate unsound conditions in the sale of securities either in our own market or elsewhere."

"Despite evidence that some members of the public have, in certain instances, paid more attention to tips and rumors than was desirable, there is no indication that a generally unwholesome condition has prevailed in our market," he said.

He voiced belief that present regulation of the market adequately protects the public.

Articles Valued At $200 Stolen In Three Thefts

Thefts of articles totaling over $220 were reported to city police Wednesday.

Mrs. Mildred Black of 464 N. Grand Ave. notified police that a wrist watch valued at $125 was taken from her home following a break-in sometime between 8 and 11 p.m. yesterday. Entrance to the home was made by prying open a window. Mrs. Black made the discovery shortly after she returned home at 11 p.m.

A purse containing $80.50 in cash and other articles was reported taken from a concession stand at the Marion Veterans Memorial Coliseum sometime between 5 and 6 p.m. yesterday by Irene Fix of 760 N. State St. who works there.

Pilfering of his car and theft of seat pillows, tools and a flashlight was reported to police by Christ Glenn of 474 Elgin Ct. while the vehicle was parked at the Coliseum between 7 and 9:30 p.m. last night. A window had been broken to enter the car. Value of the stolen articles was $17.

Priest

(Continued From Page 1)

leave for Helsinki Friday or Saturday.

U.S. Officials Helpless

American officials took the view that nothing could be done to keep Father Bissonnette in Moscow, although they planned official steps to clarify the situation.

(The Assumptionist order in the United States, which supplies the priest for Moscow, said it would apply to the Russian government for permission to send the Rev. Louis F. Dion as a replacement. Father Dion, now registrar at Assumption College in Worcester, Mass., already had been chosen to replace Father Bissonnette this spring.)

Middle East

(Continued From Page 1)

against communism. Because of the split between Iraq and Egypt, in fact, some officials here thought the Arab League was doomed.

On the other hand, the outbreak of fighting between Egypt and Israel in the Gaza region early this week has worked in exactly the opposite direction. The assumption is that the Arab world will unanimously support Egypt, giving the Arab League a new reason for existence.

Taxes

(Continued From Page 1)

Committee minority to file a report "when written." Knowland and Kerr, who backs the $20 tax cut, finally agreed at Byrd's suggestion on a Tuesday noon deadline.

Will Get To Floor

Sen. Barkley (D-Ky) said the proposed $20 cut — which would cost the treasury $2,200,000,000 in receipts in a full year—would be offered on the Senate floor.

Chairman Bridges (R-NH) of the Republican Policy Committee predicted an almost solid GOP vote against it.

As related by an influential party member who didn't want to be quoted publicly, Democratic strategy was to delay any final action by Congress until the eve of the excise-corporation tax reduction date.

If they could corral the votes, the Democrats then would present Eisenhower with a bill extending the corporation and excise levies but cutting the personal income tax.

If they failed to attach the $20 provision in the Senate—as seemed likely—the bill might die in a Senate-House conference and Democrats then could blame Republicans for thwarting compromise attempts.

Robbery

(Continued From Page 1)

which he had left at the rear and to the left side of the truck.

Tells Authorities Here

Minter, who was headed south, continued on to Marion where he reported the robbery to the police department, state patrol and sheriff's office. All three departments are working on the case.

Minter described the man as being 22 to 25 years old, about five feet, five or six inches tall and weighing about 145 pounds. The description is basically the same as that given by Mrs. C. A. Bolin who was robbed at the grocery store Tuesday night.

The bandit wore a blue handkerchief over the lower part of his face, Minter told authorities.

2nd Driver Accosted

About 4:23 this morning, another trucker called state patrolmen and told them a late model Ford, matching the description of the getaway car in the Minter robbery, had tried to force him off Route 4 at the junction of Route 294, just north of the Crawford-Marion County line.

The truck driver said he refused to pull over and the car went speeding down Route 294. The driver said that when the car got into the paths of his headlights, he saw two men and a woman in it.

Sheriff's deputies and state patrolmen made a search of roads in the area where the car headed, but were unable to find any trace of the vehicle. The driver of the truck did not give his name to authorities.

Neither Minter nor the other truck driver were able to obtain the license number on the car.

Dulles

(Continued From Page 1)

am sure, not only be a powerful deterrent to further Communist aggression in the west Pacific area, but also serve to strengthen the over-all position of the free world in its efforts to achieve lasting peace and security."

After the ratification ceremony, President and Mme. Chiang gave a luncheon for Secretary and Mrs. Dulles.

Other luncheon guests included Adm. Robert B. Carney, U.S. chief of naval operations; Adm. Felix B. Stump, commander of the U.S. 7th Fleet, and Walter S. Robertson, assistant secretary of state for Far Eastern affairs.

Single Accident Listed

Only one accident, resulting in damage of less than $100, was reported today by Marion city police. State highway patrolmen and the sheriff's office had no traffic mishaps during the past 24 hours.

Farmers Receive Extra Year To Pay Off Loans on Crops

Farmers with price support loans on 1954 crops of corn, oats, wheat, rye, and barley were given a one-year extension on paying those loans by federal action Wednesday.

The Agriculture Department ruled that where those crops could be stored safely, the loans would not have to be paid until next year.

Frank Montgomery, manager of the Marion County Agricultural Stabilization and Conservation Committee office said this morning about 85 farmers in Marion County with corn loans could benefit by the extension if they so desired.

The action means that farmers will not have to pay off the loans or turn over the crops to the government when the loans fall due this spring and summer. It gives the farmers an opportunity to benefit from any price increase during the extension period. Any price drop would be born by the government.

The regulations set corn loans to mature on demand but not later than July 31, 1956. Wheat and barley loans mature on demand but not later than March 31, 1956; while rye and oats loans mature on demand but not later than April 30, 1956.

Montgomery said there were a few wheat loans in the county, but very few oats and rye loans and no loans on barley here.

The ruling is expected to affect about one-half billion bushels of 1954 crops across the nation.

Practical Superstition

PHILADELPHIA (AP) — That old superstition about not going under a ladder might have some practical applications. Ask Henry Jackson or Jesse Culver.

Jackson fell two stories while painting a house. Culver, his employer, standing on the ground, was struck by Jackson and the ladder.

Culver told police two girls on a bicycle rode under the ladder. Jackson was using and jarred it loose. Both men were treated at a hospital for minor injuries.

Schools

(Continued From Page 1)

Those problems are now the responsibility of the Legislature."

The school bill is a proposal to change the basis on which state subsidies are granted to local school districts. Now the state money is paid on the basis of individual children. The new proposal based on a two-year study of a legislative School Survey Committee, is to make the payments for "teaching units" composed of one teacher and 30 pupils.

Mosher said he had no answers to the questions of how much the new school foundation program would cost or where the money is coming from. He told the committee he hopes to have cost figures next week.

Lausche recommended a 31-million-dollar increase in the school subsidy in the two-year budget he submitted to the Legislature Monday night. He said that is the extra money needed under the old school subsidy formula because of the rapidly increasing population of Ohio schools. He included no extra money in anticipation of the adoption of the proposed formula and told newsmen that state education department officials were unable to say how much it would cost: "But they say it would be at least 300 millions."

The governor recommended 262 millions for the next two years; the 1953 legislature appropriated 31 millions.

Knowland

(Continued From Page 1)

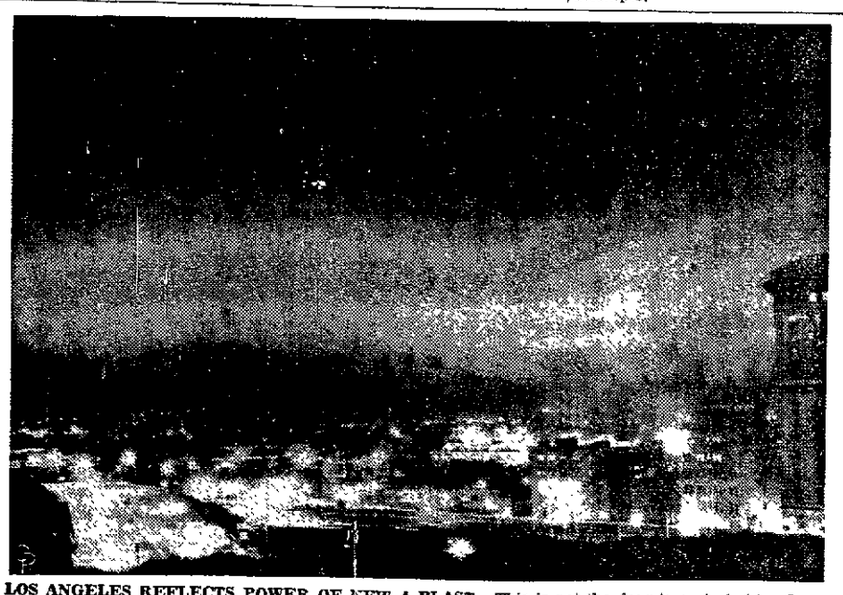
"No," the senator replied. "I have never myself suggested that an aggressive war be waged. Our position out there has been thoroughly understood.

"It's a defensive posture."

Knowland said administration officials have made that clear in testimony before the Foreign Relations Committee. He said it was stressed there that there would be "no fighting (by U.S. forces) unless Formosa or the Pescadores were attacked."

Knowland said the situation with respect to the China mainland is similar to that in Poland, Czechoslovakia and other satellite nations. He said the hope is that those satellite countries some day may be free and added:

"I don't think we have abandoned hope that some day China may be free."



LOS ANGELES REFLECTS POWER OF NEW A-BLAST. This is not the dawn's early light reflecting behind the hills of Los Angeles. It is the glare created by the third detonation of the 1955 series of nuclear weapon tests at the Yucca Flat proving grounds in the Nevada desert, some 300 miles away. The newest weapon was triggered from a 300-foot steel tower over a mock battlefield where 600 "fighting men" were in trenches.

NEWSPAPERARCHIVE®
NEWSPAPERARCHIVE®

Hong Kong

By George Sokolsky

The question might reasonably be asked why, if the British object to American intervention in Formosa, which is about 90 miles from the mainland of China, do they not give up Hong Kong which is actually within China? The British not only hold the rocky island of Hong Kong, but also Kowloon and the New Leased Territories which are on the mainland of China.

SOKOLSKY

Surely it is just as offensive to the Chinese people to see a foreign flag fly over Kowloon as it is for them to know that the United States is assisting the Chinese on Formosa to hold that island as an anti-Communist outpost. Formosa was Japanese territory from 1895 to 1945 and therefore the Chinese are as accustomed to foreign possession of that territory as they are to the British possession of Hong Kong since 1841, most of whose inhabitants are Chinese.

-:-

HONG KONG IS a lovely island which rises to a peak, on which lives the British governor-general. In my day, residence on the island was graduated in the sense that the Chinese mass lived at the base of the hill; then came the poorer Eurasians and Portugese; above them were the rich Chinese merchants, including those who had emerged to importance as British subjects; above them were the "white men" also graded upward to the Peak. Those who lived on the Peak were regarded as closer to Heaven and acted accordingly.

Business was and is being done in the narrow crowded streets at the base of the hill and in Kowloon which houses factories, warehouses (godowns), airfields, etc. Hong Kong has a wonderful harbor for ocean-going ships.

The Pearl River leads to Canton, where the British used to own most of an island called the Shameen. The big ocean liners transferred their goods at Hong Kong to river steamers which went up to Canton. Hong Kong grew rich as the port for Canton.

-:-

DR. SUN YAT-SEN'S plans for the future of China always involved the elimination of Hong Kong. In his work, "The International Development of China," published in 1920, Dr. Sun wrote:

"Canton's position as a seaport has been taken away by Hong Kong since its cession to England after the Opium War. But as a commercial center of South China, Canton still holds its own, despite the advantages of deep-water harbor, the artificial improvements of Hong Kong, and the political dominance of England.

"The loss of its position as a seaport is entirely due to the ignorance of the Chinese people who never made any combined effort to improve the welfare of the country, and also to the corrupt government and officials of the Manchu dynasty.

"Since the establishment of the republic, the people have begun to awake very rapidly and many schemes have been suggested to make Canton a seaport.

"This awakening of the millions of Chinese has caused much apprehension to the Hong Kong government. The authorities of that colony have been doing their utmost to hinder every move to restore Canton as a seaport and try to nip every scheme in the bud.

"Of course, if Canton is improved and made into a world port, then all the services that Hong Kong performs for her as a shipping stage would be dispensed with altogether . . ."

-:-

THE BRITISH WILL, of course, not give up Hong Kong. It is too valuable a possession. They have been laboring valiantly these many years, since the end of World War II, to ditch the American policy in China because they have feared the loss of Hong Kong and generally speaking, most Americans have favored the retention of Hong Kong by the British, if for no other reason than that Americans trade there too, and Hong Kong is an excellent listening post, in fact the best in the Far East.

However, if the British continue to make themselves so objectionable about American policy in Formosa, why not raise the issue of Hong Kong? If any of us get out, why should not all the Westerners get out?

Those British Labor party leaders, who are so insistent that the United States get out of Formosa and that Chiang Kai-shek be deported to Napoleon's St. Helena, might read a bit of Chinese history. China has never recognized the British possession of Hong Kong or Kowloon as a right but as an act of force.

How long does Attlee believe that Chou En-lai will accept this act of force once the United States has withdrawn its 7th Fleet?

(King Features Syndicate)

OUT OF THE FRYING PAN? After serving three years and eight months for conspiracy to teach and advocate violent overthrow of the government, white-haired Eugene Dennis, general secretary of the Communist party, and John Gates (right), former editor of the Daily Worker, leave the Atlanta, Ga., federal prison. However, they were immediately arraigned on pending charges of belonging to an organization advocating violent overthrow of the government and released on bond.

Crawford Treasurer's Office Reports Changes

BUCYRUS — Personnel title changes in the office of Crawford County Treasurer Harry T. Jackson were announced here today by Jackson.

Mrs. Mary Pfahler, who has been employed as a bookkeeper in the office, has been appointed chief deputy to Jackson. A Republican, she is a resident of New Washington, where she lives with her parents, Mr. and Mrs. Ed Powell.

Mrs. Mae Klopfer, who was retained in the office since Jackson took over in September, 1953, has been appointed to the newly-created position of delinquent tax collector. Mrs. Kloepfer, a lifelong Bucyrus resident, and a Democrat, served three terms as county treasurer and has been employed in the treasurer's office 23 years.

Climax of Church Evangelism Drive Slated Next Week

Climax of a month-long Lima district evangelism mission for Methodist churches will be marked by a series of services arranged for Sunday and next week. The special speaker will be Rev. C. Loyd Daugherty Jr. of the denomination's general board of evangelism at Nashville, Tenn.

An instruction and consecration service for pastors and lay visitation workers throughout the district will be held at First Methodist Church in Kenton Sunday at 2:30 p.m. Mass evangelistic services in each sub-district section have been set for succeeding nights. Four nights of visitation evangelism in the individual churches are scheduled for Monday through Friday nights.

Sub-district meeting for Marion County Methodists will be Thursday night at Wesley Methodist Church in Marion where the church people will have an opportunity to hear Rev. Daugherty. Others of the series of mass meetings will be held Munday night at Bellefontaine; Tuesday night, Wapakoneta; Wednesday night, Lima Grace Church; and Friday night, Kenton First Church.

The following Sunday, March 13, is designated as a "day of victory" in the individual churches with a mission follow-up program of four periods of instruction for those who have made commitments preceding their reception into church membership.

Since Feb. 13, members of the various churches throughout the district have had a common interest in a noonday or midnight "flash prayers" fellowship in the interest of the evangelism program. The effort was launched the second Sunday in February at a district meeting at Ada when Rev. Daugherty spoke to pastors and lay representatives of the churches and young people's groups.

Crawford Rural Drive For Red Cross Planned

BUCYRUS — Annual solicitation for funds by the Crawford County Red Cross chapter in rural areas surrounding Bucyrus will be conducted Wednesday and Thursday nights, March 30 and 31, under the general chairmanship of Lloyd Volk, a merchant at Chatfield.

Goal for the rural drive is $2,500. The chapter, which has headquarters in Bucyrus, received a $9,000 allocation from the combined Community Chest-Red Cross drive conduted in Bucyrus last fall.

Letters, urging contributions, will be mailed to residents of the Mount Zion, Chatfield, Whetstone, North Robinson, Holmes-Liberty, Sulphur Springs and Lykens districts, all served by the Red Cross chapter here.

Bloodmobile Will Visit Morrow County Friday

MOUNT GILEAD — The Red Cross Bloodmobile will be in Morrow County Friday between 9 a.m. and 3 p.m., Lloyd D. Potter, chairman of the blood program for the county Red Cross, announced.

This will be the final blood bank for 1954-55, according to Potter. He added that the bank is thus far short 126 pints. The county goal is 150 pints.

The bloodmobile will be at the Methodist Church in Mount Gilead.

OLD FAIR

DUXBURY, Mass. (UP) — The nation's first fair was held here in 1638.

Parish Worker Slated For Galion Church Post

GALION — Some time in June, Miss Jeanette Schnoor of Davenport, Iowa, is expected to arrive in Galion to assume the duties of parish worker at Peace Lutheran Church. This will be after Miss Schnoor is graduated, May 31, from Wartburg College, Waverly, Iowa, with a Bachelor of Arts degree.

Miss Schnoor will be the first parish worker ever to be employed in Galion by any church. The congregation of Peace church voted last May to employ an assistant to work in the parish, but none was available until now. Miss Schnoor is majoring in Christian religion.

Power Politics

By Victor Riesel

The Republican National Committee has before it a confidential report which says bluntly that there is a labor vote, that it is deliverable, that it has been delivered to the Democrats and that Walter Reuther is labor's most influential political leader.

VICTOR RIESEL

This special survey, prepared by researchers the GOP believes to be politically expert and accurate, states that, "Probably the most important single development revealed by the 1954 congressional elections is the startling display of strength by labor organizations. . ."

Because of the coming merger of the AFL and CIO and their effective political organizations, this report is receiving considerable attention inside the Republican high command in Washington. The document was submitted to the GOP late in December, after weeks of study of labor's political activity and expenditures in the recent election which switched control of Congress to the Democrats.

-:-

THIS REPORT asserts that labor's strength "was demonstrated most decisively in Michigan, Illinois and Pennsylvania and to a lesser, even though amazing extent, in Oregon and Wisconsin."

However, the survey pays most of its attention to Michigan, which it characterizes as labor's "pilot operation." The report bluntly tells its own people that:

"Michigan can no longer be counted as a Republican state. For the first time since 1936 the Republicans lost the entire state ticket. The Republicans even had their majority in the Michigan House of Representatives cut to the bone and the Democrats made gains in the State Senate.

"All one has to do to understand how Michigan has been changed from a relatively rock-ribbed Republican state into a Democratic state in a period of less than 10 years is to examine the CIO effort. . ."

The document states that the "CIO is the Democratic party in Michigan. . . There is every evidence that the combined CIO-AFL forces enjoy almost the same strength in Illinois, Wisconsin and Pennsylvania. . . Labor, in the 1954 Michigan campaign, finally arrived as the dominant political force in the state."

-:-

THE REPORT, which was in the background of last week's efforts by the Michigan Republican party central committee to get a state legislature probe of the CIO's Political Action Committee, adds:

"The CI, and to a lesser degree, the AFL, is in politics 24 hours a day, seven days a week and 365 days a year, year in and year out in Michigan. It has become as big a 'business' for the unions as labor management relations. The amount of money available for this purpose is staggering, particularly when compared with the size of the coffers of the regular Democratic or Republican organizations."

The Republican National Committee report states that the auto union spends $125,000 a year in Michigan on radio and television newscasts and breaks down the program schedule designed to reach workers driving to their plants in the morning and sitting at home after dinner.

There also is a statement that, "Under the personal direction of Walter Reuther, a complete precinct operation was set up in Detroit and many other cities in Michigan. The organization plan called for each precinct to have 10 workers under a division chairman." Over these were congressional district chairmen.

-:-

THE SURVEY SAYS that, "More than 500 persons were placed on the CIO payroll for campaign organizational work starting more than a month before election. . . at $20 a day each."

The report analyzes the 4 million press run of special editions of CIO newspapers for the campaign, charging that these cost $175,000, covered Michigan, Illinois, Iowa, Indiana, Kentucky, New York, Massachusets, Delaware, Maryland, Ohio, Pennsylvania, California, Oklahoma, Connecticut, Tennessee and Minnesota. The survey concludes that preparations already are under way for 1956.

"Obviously such a stupendous radio, TV and newspaper propaganda, campaign, such an outpouring of funds and such a highly disciplined and financed organization effort should produce results. And it did. Startling results," the GOP analysts told the Republican National Committee.

GOP leaders expect that the merger of AFL and CIO will make labor even more effective on the political front from now on out.

Men on the Range

By Hal Boyle

NEW YORK

Anybody can make money today who can show men a way to compete successfully with women.

HAL BOYLE

At least partly because of this fact, Arthur O. Bregstein is reaping a fortune. He is doing it by operating on the theory that, while a wife may be at home on her range, there is no reason why a husband can't be a king in the family kitchen, too—if cooking is made so simple even his feeble masculine mind can learn how to do it.

Bregstein found the answer in the new rotisserie-type electric broilers which in just a few years have created a culinary revolution in America.

—:—

IN 1950 BREGSTEIN, who had begun his career as a representative for concert artists, was operating a small electrical firm that made sockets and switches in a one-floor Manhattan loft. One night, while watching chickens turning on a gas-fired rotisserie in a French restaurant, he mused:

"If a woman could do that at home, wouldn't it be wonderful?"

He investigated and found home rotisseries had been sold in this country at least since 1933, but had never caught on widely. For one thing, they were too complicated.

Bregstein put some engineers to work on the project. Two years later he had developed a simplified, portable electric broiler that cooked with infrared rays and had automatic controls and timing devices.

—:—

"WE HAD TO set up a factory to make our own slow-turning, fractional horsepower motor," he recalled. "But the most expensive problem was how to seed the market."

This is sales jargon for creating a customer demand. One of his ideas was to hire a home economics expert to write a cookbook giving hundreds of menus. The book now is in its second million printing.

"Hundreds of thousands of people had the cookbook before they had a broiler," Bregstein said.

The electric boiler industry had about nine million dollars in retail sales volume in 1951. Last year it was approximately 150 million, and Bregstein predicts it will reach 300 million in 1955. He estimates his own firm, the Roto-Broil Corp., largest of nine concerns in the field, does about 45 per cent of the total volume.

"One out of every 10 electrified homes in America now has an electric broiler," he said contentedly, "and the real market still lies ahead. The industry is growing as rapidly as television or airconditioning."

—:—

BREGSTEIN HIMSELF was amazed at first to learn from surveys that the broilers had won as much favor with husbands as with wives.

"But it is easy to see why," he said. "Men hate to bend down. That's one reason they don't like stoves. Also they want a foolproof system of cooking.

"But they do like to cook, if it isn't too much trouble and they don't have a mess to clean up afterward. It makes them feel like a big shot.

"A man likes anything he can be successful at. There are so many automatic controls in the new electric broilers that the average husband can't make a mistake in cooking a steak or chicken. He brags he can cook as well as his wife. Actually, of course, he can't. His wife knows the credit should go to the machine, but she isn't going to point that out. After all, she's got him doing half the cooking."

—:—

BACHELORS, WHO HAVE found they can use the broilers to cook their breakfast at bedside, have turned out to be another rurpsie market.

"A bachelor now doesn't have to depend on his etchings—he can invite his girl to come up and see his shish kebab," said Bregstein smiling. "He can broil her a meal in the living room while sitting on the soft holding her hands—that is, if he can keep his mind on it. After all, the way to a girl's heart is through her stomach."

His engineers now are tackling the problem of designing new type infrared broilers suitable for restaurants, house trailers and commercial airlines.

Richland County Entry Best in Barrow Show

COLUMBUS, Ohio (AP) — A hog carcass valued at $20.11 per hundredweight, entered by J. Elva Pitt of Belleville, Richland County, yesterday topped offerings at the Ohio spring barrow show.

Held at Ohio State University, the show drew 88 entries. A dozen ribbons were awarded for the best price of each entered hog based on the wholesale cut value of each piece of meat.

The entry of Floyd Emery of Hillsboro, Highland County, was adjudged runner-up, with a $19.39 valuation, and Warren Healea of Mount Vernon, Knox County, won third place with an entry valued at $19.33.

100,000th Phone Installed by Concern

Local Firm Now Among Top 14 Independent Companies in Size

The General Telephone Co. of Ohio is now the 14th independent telephone company in the nation to serve 100,000 telephones, Clare E. Williams, president of the Marion company, reported today. General's 100,000th telephone was just installed in the home of Mr. and Mrs. Lorice Sergent in the company's Plain City exchange.

Mr. and Mrs. Sergent and their four children recently moved to a farm near Plain City from London, O. Sergent is a dairy farmer.

—:—

THE PLAIN CITY exchange, with more than 1,000 telephones, is served by a modern dial installation placed in service by the company last April. In 1946 the Plain City exchange was acquired by General Telephone Co. along with other property of Ohio Standard Telephone Co. Since that time General Telephone Co. has installed 431 additional telephones to bring the total in the exchange to 1,085.

General Telephone Co. of Ohio had its beginning on August 18, 1924 when it was incorporated as Ohio Cities Telephone Company at New Philadelphia - Dover, O. The company expanded its operations in the next seven years and by the end of 1931 there were 25,629 telephones in 52 exchanges. At that time Marion was established as main headquarters and the name of the company was changed to Ohio Associated Telephone Company. The company operated under that name until June, 1952, when its present name was adopted.

The company continued to expand and began limited installations of dial systems until the outbreak of World War II. Following the war the company began major expansion moves. The first of these was the acquisition of Ohio Standard Telephone Co. consisting of 70 exchanges and about 26,000 teltphones.

The company continued its improvement and expansion program for the next three years, and by the end of 1949 its operations included 138 exchanges with 74,546 telephones.

MRS. LORICE SERGENT of Plain City places the first call from her new telephone, General Telephone Company of Ohio's 100,000th telephone. Looking on, left to right, are Sergent, Earl Patch, General employe who made the installation, and Robert C. Fesenmyer, General's central division commercial manager.

—:—

IN 1950 THE COMPANY announced a $10,000,000 expansion program for the next three years, and by the end of 1952 its expansion program had exceeded $12,000,000.

During 1953 and 1954 General spent over 6½ million dollars for expansion and improvement. At the end of 1954 assets of the company were $27,244,000 and the company operated 135 exchanges serving 98,966 telephones.

Highlights of the company's post war expansion have been:

1. An increase of nearly 40,000 telephones.
2. Installation of 52 new dial central offices and 172 operator switchboard positions.
3. The construction of 47 new central office buildings along with major additions to five.
4. The connection of 1,048 additional inter-exchange circuits for long distance service.
5. Company personnel increased from 652 to 1,352, while the annual payroll increased from $891,000 to nearly $4,000,000.
6. Erection of 128,000 poles and the placement of 150,000 miles of copper and steel wire.

The company is a subsidiary of General Telephone Corp., which has operations in 21 states and provides service to more than 1,800,000 telephones.

Williams pointed out that nearly $4,000,000 will be spent by the company this year to meet continuing service demands in the General Telephone service area.

C. & O. Reports Record Profit For February

The Chesapeake and Ohio Railway reported that net income in February of $3,500,000, equal to 44 cents a common share, was the highest February earnings since 1936 and more than 75 per cent greater than the comparable month of last year.

C.&O. earnings in February a year ago were $2,000,000 equal to 25 cents a common share. Net income for the two months of 1955 was $7,200,000 equal to 90 cents a common share, compared with $4,400,000, or 55 cents a share for the same period last year. The 90 cents earnings even exceeded the 81 cents for the entire first quarter of 1954.

Two months revenues are up $5.4 million over a year ago, C.&O. President Walter J. Tuohy said, with coal and coke showing a $3.5 million jump and merchandise a $1.6 million increase.

Freight revenues in February of $11.8 million put the month in a tie with February, 1953, as the best February in C.&O. history for merchandise, Tuohy said. Export coal dumpings in February totaled 946,000 net tons, the best mark since June, 1952.

In the two months of 1955, Tuohy added, operating expenses were reduced nearly $600,000 below the level of a year ago, "reflecting continuing operating economies."

Gross revenues in February were $25,300,000, compared with $22,200,000, in February, 1954. Two months gross equalled $51,800,000 against $46,400,000 for the same period a year ago.

Former Marionite In 'Fair' Condition After Auto Crash

Wilbur H. Pfeiffer of Findlay, a former Marionite who was seriously injured in an automobile accident near Crestline Tuesday, is reported in "fair" condition today in the Crestline Hospital.

He suffered a fracture of the right leg at the knee and head, chest and neck injuries.

In the two-car collision which occurred on U. S. Route 30-N, two and six-tenths miles east of Crestline, a Cleveland woman, Mrs. Phyllis Annette Small, was killed. Driver of the car in which Mrs. Small was a passenger, W. R. Thomas of Canton, suffered only body bruises.

Mr. Pfeiffer is employed as sales manager for the Fostoria Cement Block Co. His wife is the former Nancy Carskadden of Marion.

He has a brother here, Lavern W. Pfeiffer of 267 E. Walnut St., and an aunt, Mrs. D. H. Lincoln of 602 E. Center St., with whom he formerly resided.

Two Firemen Needed for New Schedule, Bucyrus Chief Says

BUCYRUS — Fire Chief Ralph Mead has altered his original stand that no additional firemen would be required if the work week of city firemen was cut from 72 to 56 hours.

Chief Mead told city council this week that two additional firemen would have to be hired to maintain present service. In January, he had told council that the plan could be put into effect without any additional men and the only increased cost would be $204 a year for the appointment of a third lieutenant in the department to head a third shift.

In changing his stand, the chief apparently concurred with Mayor Frank P. Sitler, who opposed the work week reduction because it would require the employment of two additional firemen, costing the city an extra $6,400 a year.

The chief said that because of the possibility of sickness among members of the department and being called out on township fire calls, the department could not continue its present service without additional firemen.

No report was offered by council's finance committee to a letter submitted to council two weeks ago by firemen, who urged that council approve the work week reduction and also grant a pay increase of $30 a month for firemen and $33 monthly for lieutenants.

NEW ARMORY PLANNED

CANTON, Ohio (AP) — Plans for construction of a $310,000 armory here were announced yesterday by the Defense Department. The building will contain an assembly hall, classrooms, storage space, offices and a rifle range. It will accommodate about 400 Army reservists.

B. F. Goodrich Co. Lists Lower Sales

A decrease of 6.5 per cent in the sales of the B. F. Goodrich Co. from 1953 was shown in the company's report to stockholders for the year 1954, John L. Collyer, chairman, and William S. Richardson, president, reported today. Net sales amounted to $630,670,600 compared with $674,613,276 in 1953. Direct and indirect sales to the federal government were 8.3 per cent of total net sales in 1954 compared with 14.1 per cent for the year 1953.

After providing for all costs, including taxes and depreciation, 1954 net income amounted to $38,815,737, or $4.40 a share on 8,812,260 shares of common stock. The corresponding net income for 1953, after a reserve of $2,000,000 for increased replacement cost of facilities, was $34,226,745, which amounted to $4.08 a share on 8,388,500 common shares. Figures for both years reflect the two-for-one stock split to stockholders of record on Dec. 14, 1954.

Athletics Fined

Physical Ailments Hamper Major League Preparation

By ORLO ROBERTSON
Associated Press Staff Writer

Baseball's spring training season has been under way only three days but already bad news, both physical and monetary, has started to seep out of the camps.

The physical bad news, for the most part, concerns players who were nursing ailments when the 1954 campaign closed. From a monetary angle the Kansas City Athletics absorbed the latest financial pains as punishment for disobeying baseball's law forbidding any form of organized practice before March 1.

Physically such well-regarded players as the Phillies' Curt Simmons, the Cardinals' Tom Alston, the White Sox's Cass Michaels, the Athletics' Wilbur Shantz, the Tigers' Ferris Fain and the Dodgers' Don Hoak caused their bosses concern. And the New York Yankees received the bad news that second baseman Billy Martin will not be available this year since he isn't slated to get out of the Army until Oct. 6. Originally, the Yanks had hoped to have Billy the Kid in uniform by early July.

Simmons reported his pitching arm, troublesome last year, is still bothering him.

Michaels was forced from yesterday's workouts at Tampa with an attack of dizziness. The veteran infielder suffered a skull fracture last August when he was struck by a pitched ball. He was advised to rest a few days.

Shantz, considered to have a chance to become the transplanted A's first-string catcher, complained of periodic pains in his side yesterday and was sent to Johns Hopkins in Baltimore. He may undergo surgery for removal of a growth between the ribs. If so, he'll likely be out of action at least two weeks.

The Cardinals are awaiting a physician's report on Alston, the club's $10,000 first baseman who was a disappointment last season. An examination was scheduled to determine if he has overcome a thyroid deficiency.

Hoak, Brooklyn third baseman, lost a nail on his right toe when he was hit by a batted ball during yesterday's workout at St.Petersburg and will be out a couple of days.

Manager Bucky Harris has waived regular training routine for Fain. The veteran first baseman's injured knee has been bothering him in early drills at Lakeland.

Commissioner Ford Frick fined the Athletics $25 for violating the opening date rule and slapped penalties of $50 each on five regulars—Arnie Portocarrero, Charlie Bishop, Forest Jacobs, Louis Limmer and Wilbur Shantz. Rookie pitcher Bill Oster was fined $25 and club house man Yip Crompton $50 for making club house facilities available

On Monday Frick fined the Milwaukee Braves $500 and 14 players a total of $25 also for starting the training season before the scheduled date. And Frick said his investigations are "far from finished." He didn't indicate what other clubs might be involved, but reports say the Detroit Tigers and Brooklyn Dodgers are likely to be hit with similar penalties.

The commissioner said he fined the Athletics less than the Braves because "Kansas City officials were not present at the workouts, they knew of no workouts and authorized no workouts."

Biblers Take Lead in YMCA League Action

Bibler's Vaults moved into sole possession of first place in the YMCA Open Basketball League last night by defeating the Marion-Cardington Merchants 63-49. With a record of four wins and one loss Bibler's can clinch a tie for the second round by defeating Bucyrus next week and then sit back during the final week of play and watch Marion Implement, Radnor and Bird-McGinnis battle it out for a shot at the second round playoff.

Bird-McGinnis, undefeated until last night, was whipped in a crucial game by Morral Supply 64-52. With a record of two wins and one loss and a verdict pending by the "Y" Basketball committee on the outcome of a protested game with Marion Implement, the Legion five remains in the competition as a potential league champion. Its game with Radnor next week will break a tie. Radnor has two games remaining, one with Bird-McGinnis and the other with champions.

—:—

BIBLER'S AND the Merchants played it close during the first eight minutes of play with the winners scoring two buckets late in the first frame to take a 19-15 lead. Bibler's added to its margin in the second period and maintained a 10-point margin throughout the final half of play. Don West paced the winners with a total of 27 points while Ron Conroy and Bud England followed with 12 each. Dale Underwood was the losers' top point getter with 18 while Bill Henthorne followed with 13.

Morral Supply and Bird-McGinnis traded buckets in the opening quarter before the rangy Morral squad moved to a 26-21 half time lead. The winners iced the game in the third period by pouring 21 points through the nets while checking the Legion to a total of 14.

After reaching a 15-point lead early in the final period, the winners coasted to its second win against two defeats. Ron Craycraft heaved in 21 from his spot around the boards while Dick Howard and Bob Bartlett followed with 14 and 13 each. Tick Moran was high for Bird-McGinnis as he flipped in 23 points with a one-hand push shot from outside the foul circle.

—:—

TEAMS IN THE Open League are on orders to stand by for a speed up of the final two games of the year. Following a meeting of the Basketball committee during the latter part of the week, schedules of both the Industrial and Open leagues may be doubled up in order that all league champions may be designated for the YMCA district tournaments scheduled for March 19. The Ohio-West Virginia Sports Festival will be played in Columbus this year on March 26. All winners of district tournaments will play at Ohio State University for state honors.

MORRAL SUPPLY 64

B. Hilborne 4, M. Hilborn 7, Howard 15, Bartlett 13, Jones 4, Craycraft 21.

Roach 8, Henthorne 13, Bell 6, Underwood 18, Johnson 4.

BIBLER'S VAULTS 63

Bibler 0, Smith 8, West 27, Conroy 12, Reif 2, England 12, Simon 2.

Delaware Quintets Ousted From Play

Union County's second representative in Central District Class B Tournament competition advanced to second round play Wednesday night at Capital while Delaware County's two entries fell by the wayside.

Northwestern (13-11) equaled Magnetic Springs' opening round win by whipping Big Walnut 52-45 at Capital while at Otterbein, Plain City extended its record to 17-6 by besting Olentangy (14-10) 56-50.

Northwestern's Union County runners-up grabbed an early lead from Big Walnut's Delaware County champs and led throughout the game. Jack Spiers with 19 points and George Steele with 17 were tops for the winners. Dick Day and Don Feasel each had 13 for the losing Big Walnut squad which closed its season at 15-9.

Plain City's Madison County champs outscored Olentangy in every quarter to post its victory over the Delaware County tourney runner-up squad. The winners held a 44-32 bulge at the start of the final frame. Ike Viers posted 16 points for the losers and was the only Olentangy cager to hit in double figures. Three passed that mark for the winners, with Tom Miller's 22 tops.

Archery Group To Compete in State Matches

Members of the Marion Black Feather Bowmen will be entered in Ohio State Archery Golf Tournament competition this weekend at Columbus. They will be competing for state honors over the University golf course.

The local members are fresh from a meet with the Mount Vernon Archery Club here in which they swept all honors.

Al Roach of near Cardington copped first in the expert bowmen class with a 715 score while Phil Duckworth of near Marion was second with 600.

In the bowmen class, Chuck Baker of near Marion came out on top with a 675 tally. Ed Nagus of 211 Carhart St was in the runner-up position with 580 points.

E. J. Leadenham of 309 Willow St. captured top spot in the archers class with 550 and Henry Smith of near Marion had 525 for second.

A total of 30 archers competed in the meet, 10 of them making the trip from Mount Vernon. It marked the second defeat inflicted on the visitors by the Marion Bowmen.

Plans for an invitational meet to be held at Camp Owens April 24 were started at a meeting of the local archers last Sunday evening. Archers from all over the state are invited to participate. A ladies course is now under construction by the Black Feather Bowmen and is expected to be ready for use within the next few weeks. Shorter distances from the shooting stake to the target have been arranged to make the course less difficult for beginners.

Archery enthusiasts in the Marion area can contact Al Roach or Frank Louck, club president, for membership.

Robin Freeman Wins Spot on Honor Quintet

NEW YORK (AP)—Led by famed Tom Gola, the first to make the team for three consecutive years, players from LaSalle, Ohio State, San Francisco, Duquesne and Furman were named today to the 1955 Associated Press All America basketball team.

The 6-7 Gola, who led LaSalle to the NCAA title a year ago, dominated the voting from 323 sports writers and broadcasters. Regarded as the best current performer in the college game, the Philadelphia star polled 1,488 points on 294 first-place votes and nine seconds.

Robin Freeman, the pint - sized 5-11 Ohio State star, was second with 955. Big Bill (The Stuffer) Russell from San Francisco's No. 1 ranked team followed with 748 Next came Duquesne's Dick Ricketts with 725 and Furman's Darrell Floyd, who stepped into the shoes of Frank Selvy and was tops among the major college scorers.

Tournament

(Continued From Page 18)

aged to control the ball except for two attempts from the floor by the Prexies. Coach Jim Lawler's crew lost the services of Bob Messner and Snouffer during its futile attempts to gain control of the ball.

The Presidents outscored their foe from the field 27-18 in field goals but picked up only five points at the foul line while Galion was pumping in 26 of 36 attempts from the free throw line. Harding was awarded only 14 foul shots.

—:—

BIBLER TOPPED the Harding scoring with 12 while Carroll and Carlisle each hit for 10. Tom Quay and Tubby Garverick were high for the winners with 15 each. Charley Miller finished with 12.

Mansfield's height was too much for the Upper Sandusky Rams. The Tygers moved out front 18-7 in the first period and coasted the rest of the way. They held a 43-15 edge at the half and carried a 67-29 into the fourth frame.

George Swank poured in 22 points to lead the scoring and Phil Tinkey came in with 15. For the losers, Dave McClain was the big gun with 15.

Coach Vern Huffman pulled his varsity in the third quarter and finished the game with the regulars in the locker room .

Ken Somerlot, tournament manager, reported today an estimated 1,500 paid fans attended last night's session Total attendance was estimated at 1,600.

HARDING 59

DRAW BYES

NEW YORK (AP)—Dayton and Cincinnati have drawn first round byes in the National Invitation basketball tournament and will start play in the quarterfinals. In pairings yesterday, Cincinnati's No. 4 seeded team starts March 14 against the winner of the Niagara-Lafayette game, and Dayton, seeded No. 2, plays the winner of the Connecticut-St. Louis or Tulsa game, March 15. Tulsa and St. Louis University currently are tied for the Missouri Valley Conference lead.

25-Year Group To Hear Talk By Stuhldreher

Harry A. Stuhldreher, a member of Notre Dame's famed "Four Horsemen," will be guest speaker at the annual dinner meeting of the Marion Power Shovel 25-Year Club at Harding High School Saturday night.

During the meeting scheduled for 6:30 p.m. in the high school dining room, 23 new members will be enrolled in the club.

Stuhldreher, who is assistant to the vice president of the U.S. Steel Corp., quarterbacked the Notre Dame grid squads from 1922-24, gaining All American recognition there his final season. The 1924 Irish squad capped an undefeated season by beating Stanford 27-10 in the Rose Bowl.

A native of Massillon, where he played his high school football, Stuhldreher coached at Villanova College 11 years and from 1936 to 1950 served as director of athletics and football coach at the University of Wisconsin.

Toastmaster at the dinner meeting Saturday will be Sheridan L. Severns, club president.

Pilot Is Happy With Condition Of Redleg Club

TAMPA, Fla. (AP)—"Next to losing a doubleheader to the Pirates, the worst thing that can happen to a National League squad is the second day of spring training," says Cincinnati Redleg manager Birdie Tebbetts.

Despite this pessimistic epigram, Tebbetts was not unhappy with the ways his boys worked out yesterday.

"There were 47 on the two playing fields and I can honestly say there wasn't a single player who wasn't in shape to play right now," Birdie chirped.

He said no one squawked about aches and pains.

"I'll say this is a great squad," the manager continued. "This is a young team with just enough veterans to keep it steady."

Tebbetts has been testing his score of pitchers by having them face four batters. He cautioned each one to concentrate on throwing the ball over the plate. Later, he said, they could add their specialities.

Motorcycle Club Names Officers, Schedules Race

Bob LeMay was named president at the annual election of officers held recently by the Marion Triangle Motorcycle Club.

Other officers are Glen Dane Jr., vice president; Glenna LeMay, secretary-treasurer; Corea Tubbs, Dane and Ted Short, trustees; William Saygrover, road captain; Forest Martin, referee; and Dane, reporter.

The local club is completing arrangements for its second annual state championship road run scheduled in May and another race to be held this summer.

Praises Rookie

Al Lopez Planning Berth On Tribe for Herb Score

TUCSON, Ariz. (AP)—Manager Al Lopez forecasts a starting berth on his Cleveland Indians for Herb Score and has some kind words for the 22-year-old freshman southpaw.

The senor, taking time out yesterday from his training camp activities here, made this pronouncement:

"Herb ought to be a great pitcher and the sooner he can pitch every fourth day for us the more effective he'll be. It's entirely up to him. I certainly don't intend to rush him."

Score struck out 330 batters in 251 innings at Indianapolis last year, where he rang up a 22-5 record. He is in his third day of training with the American League pennant winners.

Voted the American Association's most valuable player, the 6-feet-2 rookie led the league with a 2.62 earn run average. His strikeout mark was 66 above a league record set by Charlie Berger in 1906.

"I wish I could start him off pitching every fourth day, but a kid with as much ability as he's got should break in gradually. I want him to get the feel of things first," Lopez said. He added:

"I'd like to spot him against certain clubs early in the season. Then if he does all right—and I feel pretty sure he will—I'll start using him in regular turn with the big three."

Cleveland's big three hurlers—Bob Lemon, Early Wynn and Mike Garcia—all are righthanders. Of the Tribe's other qualified starters—Art Houtteman, Bob Feller and Don Mossi is a southpaw.

"You need a lefthander to throw against certain clubs," Lopez said. "The Yankees, for instance. Our record against the Yankees would have been much better over the years if we had had a good southpaw."

When Score first trained with the Indians two years ago, "he seemed to be in a daze all the time," the manager revealed.

Railroads Fear Competition by Conveyor Belt

60 Million Tons Per Year in Cargo Cited As Estimated Losses

COLUMBUS, Ohio (AP)—The dozen railroads battling the proposed Lake Erie-Ohio River cargo conveyor lost 55 million tons of traffic three years ago, but made no application for higher freight rates, a railroad witness admitted last night before an Ohio House committee.

The admission was made by Roy C. Kern, Pittsburgh, chairman of the Coal, Coke and Iron Ore Committee of the Central Territories Railroads. It was in response to a question by Rep. Frances McGovern (D-Summit).

The proposed 100-mile conveyor to haul iron ore and coal between Cleveland and East Liverpool would have an estimated capacity of about 60 million tons a year.

Kern, a rate expert, had just testified, "whatever the belt hauls is a dead loss to the railroads which they have no hope of regaining."

He and other railroad men, opposing a state grant of the right of eminent domain to the novel transportation method, declared any marked loss of revenue to the belt conveyor would be reflected in increased railroad rates for other commodities.

He then admitted the railroads made no application for a rate increase after they suffered a heavy loss in traffic from 1951 to 1952.

"We probably should have asked for an increase, but we didn't," Kern said. Then he added "It is doubtful if the rate increase would have been granted if asked."

Kern told the House Commerce and Transportation Committee the capacity of the belt line is not more than 10 per cent of the tonnage railroads haul in Ohio each year.

But he insisted loss in revenue to the belt conveyor could cause the railroads to abandon facilities in northeastern Ohio. "These curtailments could be disastrous to the area, rather than help it economically," he added.

Kern declared it is his belief the belt could take away 50 per cent of the railroads' tonnage in the immediate area of the belt line.

SAYS LEUKEMIA INCREASES

NEW YORK (AP)—The Robert Roesler de Villiers Foundation reports leukemia has increased 70 per cent in the United States in the last 10 years. The foundation sponsors research into the blood cancer.

WORKS FOR REDS. Bruno Pontecorvo, Italian-born British atomic scientist, disclosed in identical letters written to Soviet newspapers Pravda and Izvestia that he has been working on Soviet atomic projects since he disappeared from Britain's top secret Harwell Laboratories in 1950.

Legion Council To Help With Vets Golf Course

COLUMBUS, Ohio (AP) — The Franklin County Council, American Legion, said today it will help construct a $33,000 golf course for patients at the Chillicothe Veterans Administration Hospital.

Emory Adams, council commander, said the nine-hole course should become a "valuable addition to the facilities for treating mentally ill veterans."

An appropriation of $1,000 has been made from the council's rehabilitation and welfare fund to start the project. The council hopes to raise $15,000 from contributions and various activities of its own, Adams said. The hospital will supply the rest in the way of labor and equipment, he added.

OBJECTIONS DISMISSED

CLEVELAND (AP)—Federal Judge Paul Jones dismissed suburban Brecksville's objections yesterday to a 23 million-dollar neuropsychiatric hospital the Veterans Administration plans to build there. The judge said the village had no right to contest the "taking of the condemned land, for that power is indisputably vested in the federal government and has long been clearly defined."

Noted Persons Taken by Death

By The Associated Press

HONOLULU — Claude Jagger, 53, public relations counsel, assistant general manager of The Associated Press in charge of personnel and promotion from December 1943 to June 1946, and previously in The AP's financial service. Born in Palmyra, N.Y. Died Tuesday.

—:—

PRINCETON, N.J.—Allan Chester Johnson, 73, professor of classics at Princeton University, a member of the school's department of classics for 37 years, and widely known for his translations of papyri of the ancient Greek, Roman and Egyptian civilizations. Born in Nova Scotia. Died yesterday.

—:—

WASHINGTON — Frank Hearne Crockard, 81, assistant deputy director of the War Production Board's field branch during World War II, and who served with the Reconstruction Finance Corp., the War Assets Administration and the National Security Resources Board until 1951. Born in Wheeling, W.Va. Died yesterday.

Heartbreak is what the third-grade miss experiences if she gets only 41 valentines from her 42 classmates.

N.Y. Stock Quotations

NEW YORK (AP)—The stock market made its fourth straight advance today with the general level of prices at an all time high

Brokers said they were unable to detect any influence on the market of the Senate Banking Committee's investigation in Washington under Sen Fulbright (D Ark)

Some stocks were strong with gains going to between 1 and 4 points in many instances Losses in key areas usually were fractional

Trading was quite brisk at an even better rate than yesterday's 3 370 000 shares when it ran price at a new all time high a measured by The Associated Press average of 60 stocks at $162 00

The market opened fast with prices leaping higher Within a short time most leading stocks backed down from their best and losses dotted the list

Beating shead of 88 s on an opening block of 11 000 shares after an announcement that the Air Force is giving the company a contract for jet tankers worth 460 million dollars

General Motors started on 16 000 shares up 1/8 at 96 s on the heels of its annual report showing excellent earnings last year and predictions of continued good business this year

A block of 9 800 shares of J P Stevens traded off at 27 and 5 700 shares of General Electric went at 51 1/4 up 1/8

Airplanes Disregarded, Veteran Explorer Says

Polar Expedition Planning Criticized

By ARTHUR SCHOLES

OLD PENOLA, Australia, (NANA) — A veteran leader of Antarctic exploration today discounted plans to speed a ground expedition across the South Pole as "outmoded" and scientifically foolish.

John Riddock Rymill, a six-foot four-inch Australian, said in an interview at his home here near the Victoria — South Australia border that future Antarctic exploration must be based on air power, with ground parties assisting.

Rymill, who made his first trip to remote and frozen regions in 1930 and later led a three-year expedition that was the first to cross and map Antarctica's Palmer Peninsula, indicated that study of the frozen places had fallen far behind the times. Development of aviation has changed the whole course of polar region study, he declared, but the point has escaped many of the planners.

Rymill particularly cited the 1956-57 British plan to make the first crossing of the 4,000,000-square-mile "Heart of Antarctica," never visited before, in sledges and special vehicles. The expedition would rely on air-drops by long-range aircraft for food and supplies over the middle part of the journey.

—:—

THE PROPOSAL now before the British government is that Dr. Vivian Fuchs, Cambridge geologist and explorer, three years in the Antarctic, should lead 20 men from Vahsel Bay on the Weddell Sea across the pole to the Ross Sea.

The British, who have asked for Commonwealth support in the $600,000 mission, cannot be expected to achieve maximum results, Rymill declared.

"However much it is to be admired," he said, the concept of land journey over the pole "is based on outmoded ideas of Antarctic travel. . . . The airplane is the key to all exploration in the southern continent. Using light planes," he pointed out, "explorers can safely fly in Antarctica from October until the end of March." Winter months, he suggested, could be used for overhauling the planes and for bringing ground parties back to base.

Rymill, who was offered leadership of Australia's 1947 Antarctica trek but declined on ground that at 42, he was "too old," recalled that Aussies used two planes at that time and found them "invaluable for reconnaissance through the ice pack." Within two years, he said, a huge section of the Antarctic territory could be accurately surveyed with planes and ground parties flown to exploration points.

—:—

"WE MUST SPEED up the development of our Antarctic territory," the explorer went on, "and we can only do it by air."

The party Rymill led into the Antarctic 21 years ago disproved claims of Lincoln Ellsworth, the American explorer, and Sir Hubert Wilkins that channels divided part of the Palmer peninsula from the Antarctic continent. It also made the first accurate survey of Grahamland as the most successful British effort in Australia and also laid the foundation for future on-the-spot study of the Falkland Island dependencies.

Rymill made the trip for $40,000 in an old 240-ton schooner with a crew of comparative amateurs. He is considered the first Antarctic explorer to use the successful combination of air supply and survey, with ground parties using dog teams. For his work, he has been awarded medals by the Royal Geographical and American Georgraphical societies.

News of Granges

PROGRESSIVE

"Photography on the Farm" was the title of a talk given by Charles Might, farm editor of WMRN, at the Tuesday night meeting of Progressive Grange in the grange hall. The talk was illustrated with slides.

Master Howard Click had charge of the meeting, during which the charter was draped for a deceased member, Mrs. J. T. Johnston. The group voted to change the grange meeting night to the second and fourth Tuesday night of each month. The new schedule will take effect for the first meeting in April, which will be April 12.

For the program, in charge of Carrol Rowley, a reading, "He Tried To Tell His Wife," was presented by Frank Wilson.

At the next meeting, March 15, a film by the Standard Oil Co. will be shown by C. M. Gorby.

Degree practice for all officers will be held this Sunday afternoon at the grange hall. The practice is in preparation for the county degree work to be held this month.

UPPER CONCERT PLANNED

UPPER SANDUSKY — The national champion VFW band of the Colonel Bugler Post at Fostoria will appear in Upper Sandusky High School auditorium at 8 p.m. Monday, March 14, presenting a joint concert with the high school band. The high school band director, Ralph H. Faulk, is a member of the championship VFW band. The joint concert will be a benefit performance for the school band.

HOSTS TO EISENHOWERS

WASHINGTON (AP) — President and Mrs. Eisenhower were guests of honor last night at a dinner given by Secretary of Interior and Mrs. Douglas McKay.

Tropicana Salad
(Makes 6-8 servings)
BY Mary Blake | Home Service Director Carnation Company
1 package (3 oz.) lemon-flavored gelatin or lime-flavored gelatin
¾ cup boiling pineapple juice
½ cup boiling water
⅔ cup (1 small can) undiluted Carnation Evaporated Milk
2 tablespoons lemon juice
1 cup (#211 can) canned drained pineapple chunks
½ cup chopped nuts
2 tablespoons chopped maraschino cherries
¼ teaspoon salt
1 cup unpeeled chopped apples
Dissolve gelatin in boiling pineapple juice and water. Chill until thickened (about 20 minutes).
Chill Carnation in refrigerator tray until soft crystals form through milk (about 10-15 minutes) Whip chilled Carnation until stiff (about 1 minute), add 2 tablespoons lemon juice and continue whipping until very stiff (2 minutes longer) Combine pineapple, nuts, cherries, lemon juice, salt and apples in bowl Fold in whipped Carnation and gelatin Spoon into 1½-quart mold. Chill until firm (about 2 hours)

Dr. E. W. Imbody, Local Dentist for Many Years, Dies

Dr. Elmer Wilson Imbody, 64, Marion dentist, died at 2:17 a.m. today in General Hospital of a heart ailment. He had been ill since Nov. 20. The Imbody home is at 669 Concord Ave.

Born Oct. 17, 1890, near Green Camp, Dr. Imbody was a son of John and Alice Carey Imbody. In 1919, in Marion, he married Stella Baker. After attending Ohio Northern University at Ada he received his professional training at the Cincinnati Dental College and he attended the University of Indiana.

He was a member of the Marion Academy of Dentistry, Central Ohio Dental Society, Ohio State Dental Society, American Dental Association and Academy International of Dentistry. His office was at 280 W. Center St.

Much interested in firearms, he was a member of the National Rifle Association, Ohio Gun Collectors Association, and National Muzzle Loading Rifle Association. He was a member of Marion Lodge 70, F & A M.

Surviving are his widow and three children, Dr. John Imbody of 354 Bradford St., Mrs. June Wills of the Netherlands and Robert Imbody of Columbus; his twin brother, William Imbody of New Bloomington; and three other brothers and two sisters, Sherman Imbody of New Bloomington, Dee Imbody of Forest Lawn Blvd. in Marion, George Imbody of Fies Ave., Mrs. Edward Ruth of near Green Camp and Mrs. Ward Kinnamon of Prospect.

Private funeral services will be conducted tomorrow at 1:30 p.m. in the Ford Funeral Home in LaRue. Rev. Irvin W. Emmons of First Presbyterian Church in Marion will officiate. Burial will be in Marion Cemetery. Friends may call at the funeral home after 7:30 tonight.

--Funeral Services--

William Laipply—Tomorrow 2 p. m., Lutz Funeral Home, Bucyrus, burial Brokensword Cemetery. Friends may call at the funeral home tonight.

Mrs. Mary E. Copeland—Tomorrow afternoon, Winter-Milligan Funeral Chapel, Richwood, Rev. George Reed, burial Hopewell Cemetery near Pharisburg. Friends may call at the funeral home.

A bull sea elephant, by far the largest of the seals, may grow to a length of 20 feet and weigh as much as three tons.

DEATHS and FUNERALS

Mrs. Francis J. Loverich

BUCYRUS — Mrs. Josephine Loverich, 78, died early Wednesday morning in the family home here. A heart attack caused death. She had been in failing health a year.

Born Dec. 20, 1876, in Upper Sandusky, she was the daughter of John and Helen Joger Gantner. She was married to Francis J. Loverich, who died Nov. 6, 1940.

Surviving are: three sons, Donald W. and Clair R., both of Bucyrus, and Harold J., Brooklyn, N. Y., and five grandchildren. Two sons and two daughters are deceased.

Mrs. Loverich was a member of Holy Trinity Catholic Church here. She had lived in Bucyrus 40 years.

Services will be held at 9 a.m. Friday in the church with Rev. Fr. Leo Reinartz officiating. Burial will be in the church cemetery. Friends may call tonight at the Munz Funeral Home.

Mrs. Herbert Miller Dies At Her Columbus Home

Mrs. Frances Miller, a native of Marion County and a former resident of this city, died at 2 a.m. Wednesday at her home, 1289 Grandview Ave., Columbus. She would have been 82 years of age today.

Born March 3, 1873, at Morral, she was a daughter of John J. Holland and Elvira Hunt Holland.

Surviving are four children, Robert, Ray and Mrs. Frances Reece, all of Columbus, and Mrs. Kathryn Miller of Westerville, a sister, Mrs. Abigail Anderson of Forest St., Marion, and a brother, John Holland of near Caledonia.

Her husband, Herbert Miller, died a number of years ago. Three brothers and three sisters also preceded her in death.

Funeral services will be conducted at 1 p.m. Friday at the Shaw-Davis Funeral Home, W. 2nd St., Columbus. Burial will be made in the Brush Ridge Cemetery.

SHOCKED POLITICIANS

HARTFORD, Conn. (UP) — A new rug on the floor of the State Senate created a shocking experience. Senators complained of static electricity shocks when shaking hands while standing on the rug. A manufacturer was called to bathe the rug with a solution to get rid of the electricity.

Miss Margaret Navin Dies at 96 in Detroit

Miss Margaret Navin, 96, formerly of Marion, died at 1 p.m. yesterday in Detroit, Mich. Her death occurred in the home of a grandniece, Mrs. Robert Hynous. She was ill two years.

Born Nov. 2, 1859, in Camden, N. J., she was a daughter of Thomas and Catherine Ryan Navin, natives of Ireland. She was a resident of Detroit 25 years and was a member of St. Mary Catholic Church in Marion.

Surviving are two brothers and a sister, Edward Navin and Mrs. Nell Irvine, both of Marion, and William Navin of Chicago, Ill., and nieces and nephews. Three brothers and three sisters preceded her in death.

Funeral services will be conducted Friday at 9:30 a.m. in St. Mary Church here. The pastor, Very Rev. William J. Spickerman, will officiate. Burial will be in St. Mary Cemetery. Friends may call after 7:30 tonight at the L. A. Axe and Son Funeral Home on Mt. Vernon Ave.

Better Traps Needed

CONCORD, N. H. (AP) — Bigger and better mouse traps was the plea at a recent Governor's Council meeting.

State Fish and Game Department officials told the executive group "mouse damage" totalled $243.95 at their experimental apple orchard at Gilford. The mice eat bark at the base of the trees causing the saplings to die, officials explained.

"Mouse guards" will be used in future experimental projects, the F&G man said.

Law Without Chivalry

PHILADELPHIA (AP)—The Pennsylvania Superior Court has ruled that a policeman can't do his job well if he spends too much time minding his manners.

A court decision said that "police officers cannot apprehend the enemies of society while carrying 'The Age of Chivalry' in one hand and Emily Post's latest edition in the other."

The ruling was made in upholding the conviction of a man who claimed most of the evidence against him was obtained through wire-taps.

TOO MUCH LIQUOR TALK

LONDON (AP) — The Friends of Temperance Union complains there is too much talk about drinking on British radio programs. It made a count, the union said. Result: 1,135 references to alcoholic drinks in three months, only two of which might be considered "pro-temperance."

Scouts Prepare for Show Here Sunday

SCOUTS IN THE four-county Harding Area Council this week are polishing up their exhibits for the Scout-o-Rama scheduled Sunday at the Marion Coliseum.

Here Cub Scouts Randy Haberman, Louie Cotton, Kenneth Bowker and Donald Fry of Pack 29, sponsored by the George Washington PTA, work on handicraft projects they will exhibit at the show.

Altogether 34 Scout units in Marion, Crawford, Wyandot and Morrow counties will set up booths in the Coliseum on such varied topics as cooking, signaling, handicraft, first aid, camping, Indian lore, basket weaving, hobbies, life in an Indian village, the history of the Flag, and the history of Chief Tarhe (after whom the Crawford-Wyandot district is named.)

Additional booths will be set up by the Harding Area Council; the Order of the Arrow, an honorary society for advanced Scouts; and one on the Philmont Scout camp in New Mexico.

The show will start at 2 p.m. Sunday and end at 4:30.

A pageant depicting the history of Scouting will be presented at the conclusion, with Scouts from throughout the council participating. It will include Indian dancing, significant scenes depicting the growth of Scouting, and other Scout lore.

Tickets are being sold by all Scouts, at several downtown business places, and will be on sale at the Coliseum.

COMFORTED TRAVEL

LONDON (INS) — To assure comfortable travel on British railways the usual steel springs beneath the coaches are being replaced with rubber parts which cushion their weight and absorb vibrations.

PROBE MATERIAL

STAMFORD, Conn. (UP) — A few hours after the state legislature launched an investigation of the possible effects of "comic" books on juvenile delinquency, three youths broke into a store and swiped 23 of them.

Oil Production Hike Is Sought By Venezuela

MARACAIBO (UP)—Something new has been added to Venezuela's Lake Maracaibo where oil derricks sprout out of the water like the trees in a forest.

It is a platform about the size of a football field, resting 14 feet above the lake's waters on 350 concrete piles driven into the lake bed.

On the platform, seven miles offshore in the midst of the derrick "forest," are buildings that house huge engines, elaborate control panels and other engineering devices.

It's the Creole Petroleum Corporation's new gas conservation plant which was dedicated recently. Its job is to boost the already rich yield of crude oil in the Lake Maracaibo basin, which now provides 10 per cent of the world's petroleum. This is how it works:

The natural gas which always comes up with crude oil in drilling operations is separated and piped to the unique plant on the platform.

There the huge machines take over and shoot the gas at terrific pressure back down to below the lake bottom, where what engineers call "the oil producing formation" is located.

This formation is a tilted bed of three sections of sandstone, about 9,850 acres in area. The vital oil is in the lower and middle parts of the formation. The gas, shot back into the well at great pressure, forces the oil into wells at the "bottom" end of the tilted slab.

This oil, which would not be obtainable otherwise then is piped up. It helps maintain Venezuela as the third greatest petroleum - producing nation of the world, outranked only by the United States and Russia.

Creole Petroleum engineers, who have overcome many problems in bringing oil up through 62 to 65 feet of water from the lake bottom, really had a tough one in piping it to the "new look" plant.

The job involved laying about 12 miles of pipe on the floor of the lake to carry the gas from eight "flow stations" where it is separated from the oil. The pipes had to be 24 to 30 inches in size, which made them buoyant in the lake waters.

The buoyancy problem was solved by encasing each pipe in concrete to hold it to the bottom of the lake. By that process, each foot of 30-inch pipe weighed 562 pounds.

MAYOR STUMPED

RIVERDALE, N.J. (AP)—Public officials are answering schoolchildren's questions as part of a civics program, but Mayor Robert C. Jones was stumped by this one from eighth-grader Bill Cutler: "If the mayor is kidnaped, who pays the ransom?"

Now is the time to salute George Washington, first in war, first in peace and (at this writing) fifth in the National basketball standings.

Target City Dispersal Areas Set Up

Ohio Civil Defense Plans Reorganized

COLUMBUS, Ohio (AP) — State Civil Defense authorities today announced reorganization of its pre-attack dispersal plans for its critical target cities.

Maj. Gen. Leo M. Kreber, Ohio adjutant general and state CD director, in announcing the reorganization said "increased capabilities of the H-bomb necessitated certain changes in the structure and organization for civil defense in the state."

But he said recommendations he is making are for planning purposes only at this time, and can only be put into action when many factors, still undetermined, have been developed. He said these factors included required warning time and evaluation of significant data which has only recently been released by the Atomic Energy Commission and the Federal Civil Defense Administration for use by CD in its vital planning and public education functions.

—:—

KREBER SAID the new organization of CD areas and authorities which becomes effective March 15, takes into consideration the recently - released facts surrounding radio-active fallout and "definitely establishes desirable directions of movement and areas for evacuation of personnel from critical Ohio communities when and if, the signal is given that this country is in imminent danger of being attacked by enemy aircraft"

"By establishing recommended directions for moving people from a potential enemy target," he said, "the possibility of inhabitants from neighboring towns attempting to crowd into the same territory will be lessened, and each community CD director will be able to proceed with logical plans and public information activities as they pertain to his individual city."

—:—

FIVE AREAS are set up for the new CD boundaries, all centering around the critical target cities—Toledo, Cleveland, Youngstown, Canton, Akron, Steubenville, Dayton, Columbus and Cincinnati. Formerly there were five areas, but in the new setup the counties are rearranged so there will be at least the same number of people outside the target areas as within.

This step was taken in order that those evacuated from the target cities in case of attack can receive proper housing and care.

The dispersal areas for the target cities as outlined in a map issued by state CD authorities are so arranged that people being evacuated leave the target area in a direction opposite from that of the radio-active fallout. The dispersal direction, from each of the target cities is based on the direction of the prevailing winds. And so that people being evacuated from one area do not interfere with dispersal in another area

—:—

EACH OF THE target cities in the new organization has an inner circle with a radius of 2 miles indicating the minimum area to be evacuated. There is an outer arc with a radius of 40 miles setting off an area "from which evacuation is highly desirable." The area between the 20 and 40 mile circles, officials said, provides "flexibility and permits adequate depth for the volume of traffic in the outward movement."

Here are the counties in new areas as recommended by Gen. Kreber:

Area 1: Mercer, Darke, Shelby, Miami, Champaign, Clark, Preble, Montgomery, Greene, Butler, Warren, Clinton, Hamilton, Clermont, Highland, Brown, Fayette, Ross, Pike, Adams, Scioto, Lawrence.

Area 2: Knox, Union, Madison, Delaware, Franklin, Pickaway, Licking, Perry, Fairfield, Hocking, Vinton, Jackson, Gallia, Meigs, Athens, Muskingum, Morgan, Washington.

Area 3: Trumbull, Mahoning, Columbiana, Jefferson, Stark, Carroll, Harrison, Belmont, Monroe, Noble, Guernsey, Tuscarawas, Holmes, Coshocton.

Area 4: Williams, Fulton, Lucas, Wood, Ottawa, Defiance, Henry, Sandusky, Paulding, Putnam, Hancock, Van Wert, Allen, Hardin, Auglaize, Logan.

Area 5. Seneca, Wyandot, Marion, Erie, Huron, Crawford, Morrow, Richland, Ashland, Wayne, Medina, Cuyahoga, Lorain, Summit, Portage, Geauga, Ashtabula, Lake.

Plans also call for setting up CD authorities within these five districts. One, the Miami Valley CD Authority with headquarters in Dayton, already is formed under Col. Jack Gault.

Death Toll Set at 40 In Australian Floods

SYDNEY, Australia (AP) — Residents of towns and villages in western New South Wales pushed a vast cleanup Wednesday as floodwaters slowly receded from the devastated area Only a few small communities were still endangered.

The minimum death toll was placed at 40, but police said the exact total probably never will be determined. Some authorities estimated the damage might run into tens of millions of dollars, but other estimates were more conservative.

Massachusetts Boy Kills Sister in Fight Over TV

REVERE, Mass (AP)—A remorseful boy of 14 was charged Wednesday with murder in the bread knife stabbing of his 10-year-old sister during an argument over a television program.

Police Chief Colin A. W. Gillis said the boy, John V. Riley, blurted out: "I've killed my sister and I never meant to hurt her. I loved her."

The young victim, Pauline, was found on a bedroom floor of their home with the knife blade sticking in her heart.

Yank Held by Russians 6 Years To Stand Trial

FRANKFURT, Germany (AP)—The Army today charged a private held for six years by the Russians with being AWOL and ordered his trial by a general court-martial.

The charge was announced against Pvt. William A Verdine, 28, of Starks, La. When the Soviets turned him over to U.S authorities in Berlin Jan. 20, he said he had been kept 2½ years in the arctic labor camp at Vorkuta.

An Army spokesman said Verdine, if convicted, could get a maximum punishment of six months in prison, a dishonorable discharge and loss of pay and allowances.

MADE FALSE REPORT

CINCINNATI (AP) — Mrs. Irene James, 29, a housewife, was charged with making a false crime report Tuesday after police said she admitted her story of being robbed of $5,700 was a fake

150 Marooned Skiers In No Rush To Leave

ALTA, Utah (AP) — Most of the skiers marooned at this Wasatch Mountain ski resort like things just the way they are

A weasel, tracked Army vehicle, showed up to carry homesick persons to the outside world—but there was no great rush to climb aboard.

"It's like a large exclusive club with the best skiing in the world and no one to bother you," one declared Tuesday — the fourth straight day the road out has been closed by drifts and snow slides.

Some 150 skiers are still here. Snowplows may open the road today.

TONSORIAL THIEF

ROCHESTER, N. Y. (UP)—The thief who broke into the barbershop of Carl De Prima apparently had but one though in mind — to be well-groomed. He stole only a scalp vibrator and a bottle of hair cream, value $15.

Try These Open Sandwiches for Lent

Frankfurter Roll Is Base Of Cheddar Cheese and Shrimp Combination

By CECILY BROWNSTONE
Associated Press Food Editor

Here's a snack for lunch or evening refreshment during Lent—and after—that everyone will enjoy. It's of the open-sandwich type with a base of frankfurter roll instead of bread. The topping is a delightful combination of cheddar cheese, butter or margarine and shrimp. To heighten flavor, lemon juice, onion and Worcestershire sauce go into the topping, too, and there's also a little paprika for pretty color.

We served these sandwich snacks recently to our teen-age nephew for a quick lunch. He managed to eat four of them—with an accompaniment of crunchy celery—and topped off the meal with some preserved kumquats we happened to have on hand! If you serve these snacks to your family at mid-day, we suggest prefacing them with soup and ending with a fruit dessert. But be sure to accompany them, as we did, with the plain celery (green or white) because they need the added crisp texture and fresh flavor. The celery accompaniment is a good idea, too, when you serve these open sandwiches as evening refreshment. And then you might also add green (plain or pimento-stuffed) olives.

You can do the preparation for this good broiled open sandwich early in the morning. Cream the batter and cheese with the seasonings; cook, devein and chop the shrimp and add them. Refrigerate the mixture in a covered container. Just before you are ready to serve, split the frankfurter rolls lengthwise. Spread the shrimp topping (which should have been allowed to stand at room temperature to soften a bit) over the split surfaces of the rolls. Under the broiler they go then for three to five minutes and you are ready to serve a delightful dish.

Open-Face Shrimp Rolls Are Quick and Savory.

One caution about preparing the shrimp for this dish. Don't overcook them! We put a pound of shrimp in a two-quart saucepan with 1½ cups water and ¼ teaspoon salt and bring them quickly just to the simmering point; then we cover the saucepan and simmer for three minutes. Remember that simmering means cooking in liquid just below the boiling point. You should see bubbles breaking directly below the surface of the water. If you boil shrimp hard, even for a few minutes, they shrink a good deal and lose flavor.

Onion goes into this shrimp mixture and you can mince or grate it. We hope you have a special board that you keep only for slicing and chopping onions.

To mince the onion, dice it into little squares first and then chop very fine with a cook's knife. When we grate onion we do so on a piece of waxed paper so it will catch the juice: both the pulp and juice you obtain this way should be part of the required measurement.

OPEN SHRIMP SNACKS

Ingredients: ½ pound soft or semi-soft medium sharp or sharp cheddar cheese, ½ cup (¼ pound) butter or margarine, 1 pound shrimp (cooked and deveined), ¼ cup minced onion or 2 tablespoons finely grated onion (pulp and juice), ½ teaspooon paprika, 1 teaspoon Worcestershire sauce, ¼ cup lemon juice, 6 frankfurter rolls, a little extra soft butter or margarine.

Method: Have cheese (if it is the soft type) and butter at room temperature. If cheese is semi-soft, coarsely grate it - there should be 2 cups lightly packed. Reserve 6 shrimp for a garnish and chop remaining fine with sharp knife. Stir cheese, butter, onion, Worcestershire, lemon juice and paprika together. Stir in chopped shrimp. Split frankfurter rolls lengthwise and spread with shrimp mixture so edges are covered. Cut the 6 reserved shrimp in half lengthwise and garnish each snack with a half; spread a little soft butter over each shrimp half. Place open sandwiches on aluminum foil on broiling pan about 3 inches from high heat until bubbly and speckled with brown—3 to 5 minutes. Watch closely so as not to burn. Remove snacks carefully from foil with wide spatula. Makes 12 snacks.

American Swing Making Hit In Austria, Land of Waltzes

VIENNA (UP) — If you remember what swing music did to America in the 1930's, you'll have some idea of the craze now sweeping Austria. The land of the waltz has started jumping.

American popular music, hot and cool, pours in torrents from Austrian radios, night club bandstands, record shops, juke boxes. It even comes out of the telephones on programs specially taped for diallers. No. U. S. export finds a more receptive Austrian market.

Police and ambulances have been forced into action to handle jump-happy crowds at concerts given by visiting U. S. musicians.

Lionel Hampton and his band scorched the gilt cherubims at Vienna's stately Concert House recently and caused a demonstration reminiscent of the pre-war swing demonstrations in Manhattan.

The overflow crowd surged out of control as the concert ended, hurled hats and articles of clothing into the air, jumped on seat cushions and tried to tear down the great stage curtain before police restored order. One youth had to be restrained from beating his own skull against a wall.

At Exposition Hall in the city of Linz, several persons were hospitalized after Hampton's music created what an official police report described as a "near-mad and hectic status" among 3,000 Austrians. At Industrial Hall in Graz, several rows of seats collapsed as 2,000 customers stomped.

The Viennese gave Woody Herman and his band such an ovation that he was unable to make himself heard on the amplifiers after the last number. He finally gave up, got to his knees an salaamed to the audience.

Norman Granz' "Jazz at the Philharmonic" stars were nearly trampled.

Because of Adolf Hitler and World War II, the full impact of American swing didn't hit Central Europe for many years. Consequently Benny Goodman, Artie Shaw, Glenn Miller and other pre-war favorites are at the peak of popularity here now.

U. S. Army radio stations are credited with Americanizing Europe's musical tastes after the war. The Army's Blue Danube Network in Austria gets so many requests from Austrians as from U. S. Soldiers.

Swiss Protests Hit Mechanical Aids to Skiers

ZURICH (UP) — Switzerland, booming with its biggest tourist trade since the war, is rapidly mechanizing its skiing pleasures—much to the dstress of oldtimers.

Thirty-four mechanical facilities to hoist skiers to the top of the runs were put into operation this winter alone, including a new air cableway to 10,000-foot Piz Nair Mountain, which towers above the resort of St. Moritz.

Every one of the new cableways and ski-hoists means that the virginal snow fields and slopes of a remote mountain will soon reverberate with the shouts and laughter of hordes of skiers visiting them on sunny weekends. Oldtimers, remembering the days of rugged, lone-wolf skiing, are sadly shaking their heads.

One hundred fifty-five ski and chair-lifts, 44 air cableways, 36 cogwheel railroads and seven sleigh-funiculars are now operating in the 8,000 square mile area of the Swiss Alps.

The Swiss Skiing Federation has protested against the "emasculation" of their sport. Skiing is becoming too "easy and effortless" to remain a "real health and character-building sport," it said.

Nature-lovers also are on the warpath against the "spoiling of our great mountains" by dotting them with all kinds of mechanical devices and opening them to "noisy Sunday crowds." Societies for the preservation of the beauties of nature have appealed to authorities to show "utmost restraint" in the granting of concessions for new mountain railways.

Nevertheless, the opening of new playgrounds for Switzerland's 500,000 skiers is progressing at an increased pace. An estimated $9,744,000 was invested in this season's 34 new chair-lifts and cable-railways.

Auto-Lite Co. Asks Pay Cut Approval by Union

TOLEDO, Ohio (AP)—The Electric Auto-Lite Co. has asked the CIO United Automobile Workers to approve a pay cut for 6,300 employes here to improve the firm's competitive position.

Joe Mansor, auto workers' bargaining committee secretary, said the committee had voted to reject the proposal. However, he added: "Something might be worked out," if the situation is serious enough.

Abilene Christian College is now a member of the Gulf Coast Conference. Trinity, Midwestern and North Texas are the other colleges in the loop.

Dropped as 'Impractical'

Reds Had H-Bomb Idea 28 Years Ago

By THOMAS R. HENRY

WASHINGTON (NANA) — The Soviet Union had the first idea for a fission bomb 28 years ago —but dropped the project on grounds it was "impractical."

Long before United States scientists started working on the atomic bomb during World War II, the Russian government offered to turn over for a few hours each night the Leningrad electric power plant to a young physicist for experiments. Dr. George Gamov, who turned down the proposal, is now a professor at George Washington University.

Dr. Gamov considered the idea highly impractical which, at the time, it was. But the idea of a practical application of what hitherto had been highly obtruse theory remained in his mind when he left Russia a few years later. As an American citizen he had a prominent part in the development of the atom bomb.

—:—

THIS CHAIN OF events stretching from the beginnings of the atom age is revealed by Dr. Edward Teller of the University of California, long a close associate of Dr. Gamov and widely credited with being the "Father of the H-Bomb," in a report to the American Association for the advancement of science here.

In 1927, Teller recounts, Gamov reported to the Soviet Academy of Sciences on a paper which had appeared in an obscure physical journal by Atkinson, a British physicist, and Hourtermans, a German. At that time there was no clearly acceptable theory as to the mechanism responsible for the apparently eternal heat and light of sun and stars.

The two physicists had suggested — what is now universally accepted — that the inexhaustible store of energy was due to reactions of some sort betwten atomic nuclei. These particles, tiny even compared with atoms, were known to contain an energy millions of times greater than that released in chemical reactions or explosions.

—:—

BUT, THE PHYSICISTS had pointed out, they are able to release this energy only when they come in contact with each other. Their electrical charges usually prevent such contact and thus the energy they have been carrying for billions of years is preserved. Occasional collisions are responsible for all the heat and light of the stars.

Atkinson and Houtermans were on the right track, but without any real proof, Gamov merely discussed their paper as expressing an interesting idea. He reported no work of his own.

No sooner had Gamov finished his talk to the academy, Teller recounts, than he was approached by a very high Soviet official named Bukharin, since executed. He was one of the "old bolsheviks," even then on his way out and relegated to what was considered the unimportant job of keeping an eye on scientific developments.

—:—

BUKHARIN'S imagination had been stirred, however. He sensed the possibility of harnessing this atomic power for some direct application on earth and asked Gamov to take over the power plant. The young physicist was able to convince the Soviet official that his idea was in the present state of knowledge, unpossible.

But the idea stuck in Gamov's mind. When he first came to Washington he discussed it with physicist colleagues. He stirred their interest — not in a hydrogen bomb but in the actual mechanism of solar radiation. Nobody suggested any practical applications. The matter was considered purely academic.

A few years later Dr. Hans Bethe of Cornell University evolved the so-called Bethe cycle — a theory of reactions between hydrogen and carbon atoms which now is generally accepted and was a necessary starting point for the H-Bomb. It was very much in the minds of the physicists when work on the atomic bomb started during the war.

COLD DRIVE

EAST HARTFORD, Conn. (UP) — Carl L. Anderson had to ride several miles to work in a cold automobile because a window was shut too tight. A window in the car "exploded" shortly after he set out for work. A glass company official later told Anderson the window exploded because it fitted too tight and there was no room for expansion when the car began to warm up.

$8 Million in Kickbacks Alleged

Army PX Theft Ring Halted in Europe

By GAULT MacGOWAN

NUREMBERG (NANA — The Organization —a kickback ring operated for years by top civilian employes of the United States Army's European Post Exchange system—has been eliminated in a security sweep by Criminal Investigation Division (CID) agents the leaders arrested and brought to trial or being sought in extradition proceedings according to information received here today

Headquarters of the European exchange system—which supplies the soldier and his dependents with everything from a cigarette to an automobile—is in the old Palace of Justice here where the Nazi war criminals were tried

The CID investigators form part of a special security branch introduced in late 1951 It has been working in secret since then to remove the reproach that the PX system had become a school for crooks Estimates of the total take in the palmy days ran as high as $8 000 000 a year

— —

AN OFFICIAL statement obtained here claimed

"The Organization referred to was long a matter of concern to EES Investigation of its activities started in late 1951 Three persons believed to have belonged to the organization were arrested brought to trial and convicted by the U S High Commission court in Germany

'Extradition from the United States has been requested on three other former employes who it is believed may also have been connected with the combination

"After extensive and rigid investigations by EES security agents and Army CID agents it is believed that no present EES employe is or ever has been connected with the organization

'Since the general cleanup began there has been an approximate 90 per cent turnover of U S civilians in procurement activities which resulted in the hiring of higher caliber and better qualified personnel The last conviction on May 21 1954 was the result of illegal activities carried on in 1951

— —

"ALTHOUGH a vigorous security campaign has been in effect no arrests have been made which involve any irregularites subsequent to September 1953

'When the cases pending are brought to trial it will be for irregularites that took place prior to 1953 It should not be concluded that this wrong-doing continues to exist though the publicity we invite for trial proceedings may appear to some as if it does

'The concern with which the Army views the past irregularities is shown by the appointment of Maj Gen Charles K Gailey to head EES activities instead of a brigadier general as formerly Gailey was former chief of staff in the Office of Military Government in Germany and commander of the 43rd Infantry Division

— —

A CHECKUP took place last year when more than 560 PX employes were dismissed as poor security risks after investigation by the CID and security branch The probe followed allegations that 50 per cent of German employes had police records mainly for prostitution and black marketing The Army found the figure to be 6 per cent with police records mainly for petty offenses under the Nazi regime which are not today a matter of record

A spokesman for Gailey said that while certain weaknesses existed in the past during the unprecedented growth of EES because of the abrupt buildup of armed force and dependent strength and the difficulty of recruiting a sales force of high grade quqalifications such weaknesses were recognized by top management Corrective measures have been progressively introduced since 1952

A new organizational structure has been adopted in order more efficiently to manage the intricate and widely spread interests of EES

Japanese Businessmen Duel, Then Begin New Friendship

TOKYO (UP) — Dueling for the sake of honor is not a monopoly of the West nor titled gentry

Toku Mizuo 35 and Tetsujiro Hirata 28 don't look like the type who live by the gentleman's code They are bataya or ragpickers

But they duelled for honor just a stone's throw from the peaceful shrine to one of Japan's heroes the Emperor Meiji

Their weapons were kitchen knives their armor rags

Mizuo and Hirata were once friends and partners They met while going through trash cans and took a liking to each other Mizou who had a room took Hirata in as boarder and partner Their agreement was that each would bring home the day's pickings and share and share alike

The partnership worked well for six months But lately Mizuo suspected his friend was holding out Hirata's contributions to the arrangement were dwindling

One day Mizuo followed his partner He claimed he discovered Hirata literally eating the fish off the fish dumplings he picked up in a well stocked trash box

Butter words followed and the slurs against each other's character were unacceptable to men of honor

They decided on a duel The time was just before midnight under the lonely Sendagaya bridge Mizuo who arrived first primed himself with two cups of shochu a potent bootleg potato alcohol Hirata arrived two minutes later They squared away with two new kitchen knives bought for the occasion

The spot was deserted but the yells of the contestants drew horrified watchers who called police Half an hour after the first blow was struck the police arrived

By that time the two were staggering from shochu and loss of blood

The police officers dragged the bloody pair to a hospital where Mizuo was treated for 11 knife wounds and Hirata for eight

Later the two were booked at the police station—not for violating the law against duelling which had gathered dust since 1889 but on a more prosaic charge— assault with dangerous weapons"

Cleveland Woman Shot, Wounded by Husband

CLEVELAND (AP)—A 36 year old woman was shot four times by her husband and critically wounded Tuesday while visiting Cole Veterans Administration Hospital police said

Mrs Margree Brooks whose two children were waiting nearby during the shooting suffered bullet wounds in the head back and leg

Her 35 year-old husband Dan a car washer was held by FBI agents The FBI has police power at the government installation

Bucyrus

Mr. and Mrs. Lloyd Haas of near Galion are announcing the engagement and approaching marriage of their daughter, Carol Ann, to Warren D. Lauthers, son of Mr. and Mrs. Walter Lauthers of near Crestline.

The couple will be married Easter Sunday during an open church ceremony in the Evangelical United Brethren Church at North Robinson. The ceremony will be performed at 3 p.m. by Rev. Bruce Harris, church pastor.

Miss Haas is a 1954 graduate of North Robinson High School and is employed as a commercial clerk at the Northern Ohio Telephone Co. in Galion. Lauthers, a 1953 graduate of North Robinson High, is employed at the Bucyrus plant of the Timken Roller Bearing Co.

—:—

Mrs. Richard E. Moser of Bucyrus will leave New York by plane Friday to join her husband, Lieut. R. E. Moser, a jet pilot with the 492nd Fighter Bomber Squadron, stationed at Chaumont, France. Lieut. Moser has been stationed in Europe for the past five months and the couple plan to remain in France two years.

Mrs. Moser is the former Beverly Bonen. Her parents are Mr. and Mrs. George L. Bonen of Bucyrus.

—:—

Dedication of new full-length junior choir robes took place Sunday morning during worship services at the First Methodist Church here. The robes were presented by Mrs. J. C. Seckel, representing the mother's committee. The service was concluded with the prayer of dedication by the pastor, Rev. Glenn Lockard.

The 20-voice choir is under the direction of Mrs. M. G Boyd. It is composed of boys and girls from the fourth through the eighth grades. The robes are royal blue with white ascot collars.

—:—

A revised constitution was approved here Monday at a meeting of the Women's Board of Bucyrus City Hospital. Under the new constitution, the board's fiscal year will end in December. Guest speaker was Mrs. Dora Wenner of Upper Sandusky. She told of the organization of the Wyandot County hospital and how funds were raised for its establishment by various groups.

Galion

Official visit of Lieutenant-Governor Robert Wiseman was made to his home Kiwanis Club at the luncheon meeting of the group Tuesday at Hotel Talbott. He spoke principally to his fellow members on the structure of Kiwanis. Richard Lahman presided for the meeting, and welcomed two new members, Frank Atterbury and Lawrence Daly. Presentation of their pins was made by Rev. Philip E. Ater, a past vice president of Kiwanis International and past president of the local club.

Nevada

Mr. and Mrs. Charles E. Montee celebrated their golden wedding anniversary Sunday, Feb. 27, at their farm home southeast of Little Sandusky, with open house from 2-5 p.m.

The couple was married Feb 28, 1905, at the home of the bride's parents, the late Mr. and Mrs. Eli Barth, and Mrs. Montee is the former Ida Barth. Mr. Montee, is the son of the late Mr. and Mrs. Frank Montee. The couple were united in marriage by Rev. G. W. Amick, a former pastor of the Nevada Lutheran Church. Children of this marriage were Mrs. Bernice Swihart near Nevada and Dale Fanklin Montee who died in infancy. There are two granddaughters, Mrs. Joyce Pagnard of Upper Sandusky and Mrs. Roger Mawer of Harpster and four great-grandchildren.

The couple belongs to the Little Sandusky Methodist Church. They have spent their entire lives in the community. He has been a farmer all his life.

Cardington

A1-c and Mrs. LeRoy Bennett have arrived in Cardington from England where Airman Bennett had spent three years with the U. S. Air Force. They will spend most of his 30-day furlough with his parents, Mr. and Mrs. Harry Bennett in Cardington, going from here to Egmund Field, Fla.

Airman Bennett and his wife, Thelma, were married March 28, 1953, in Oxfordshire, England. Mrs. Bennett is a native of England and the couple met in that country.

Bennett will report for duty in Florida March 22 and is planning to re-enlist.

Crestline

Mr. and Mrs. Otto C. Linn, Crestline, are announcing the engagement and approaching marriage of their daughter, Emma Jeanne, to Richard H. Hatfield, son of Russel H. Hatfield and Mrs. Elizabeth Hatfield, both of Willard.

Miss Linn, a graduate of Crestline High School, is employed at the Wilkins Air Force Depot in Shelby. Mr. Hatfield, a graduate of Willard High School, is now stationed at the Stewart Air Force Base in Tennessee.

The wedding will be an event of April 30.

Hollywood intends to film the life of the late Serge Rubinstein, the draft doger who left a list of 1,000 babes. Nothing very elevating in the plot — but what a cast!

"NO WONDER HIS MOTHER'S PROUD OF HIM"

A NEWSPAPERBOY TODAY—
TOMORROW'S BUSINESS LEADER

No other field offers a boy the practical business experience like a newspaper route.

The very first day he is in business for himself and the training he receives under the supervision and direction of trained experienced newspapermen carries on through life.

He learns first-hand that people can be nice . . . that they can also growl . . . that they are not all like mother and dad . . . he learns to take business in his stride . . . and he immediately realizes that the prompt efficient delivery of his newpapers is the prime career between a pleasant job and a bad one.

He starts right out building the foundation of an adult career with the basic tools of business . . . salesmanship, responsibility, thrift and the ability to take the bitter with the sweet.

It is great to be a newspaperboy . . . thousands of business leaders today were newspaperboys yesterday . . . Why not have your son make an application for the next open newspaper route in your neighborhood so that he, too, can become a successful business man of tomorrow?

REX MORGAN, M.D. By Dal Curtis

DID YOU SEE THE PROFESSOR, REX?
NO, JUNE! HE WAS SUPPOSEDLY OUT OF TOWN! I TALKED TO A YOUNG WOMAN WHOM I BELIEVE IS HIS ASSISTANT!
WHY DON'T YOU FORGET THE WHOLE THING, REX? NOTHING YOU CAN DO WILL PREVENT CERTAIN PEOPLE FROM GETTING INTO THE HANDS OF UNSCRUPULOUS MEN LIKE THE PROFESSOR!
I SUPPOSE THAT'S TRUE!
MEANWHILE, CORONER HARPER IS EXPERIENCING STRANGE SYMPTOMS!
WHAT'S WRONG, JESS? YOU'RE NOT EATING YOUR DINNER!
I FEEL SICK ACHING ALL OVER AND STARTING TO CHILL!

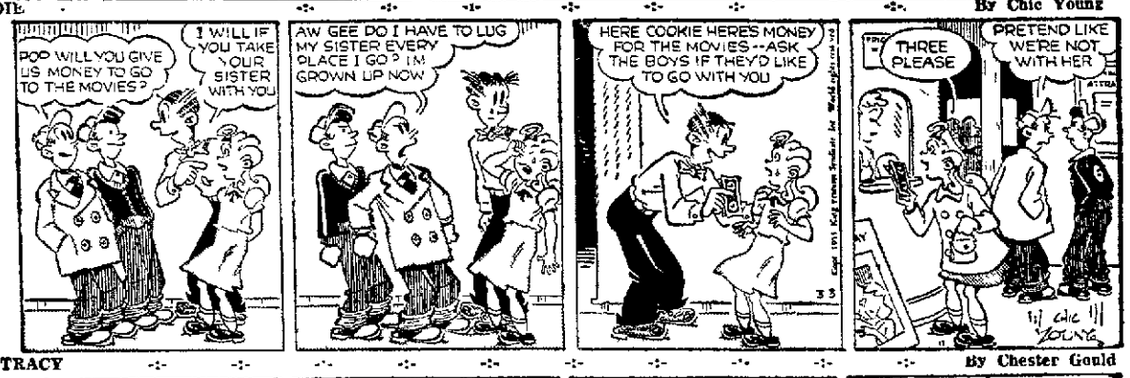
THE HEART OF JULIET JONES By Stan Drake

LISTEN TO ME BEFORE YOU POP OFF ANY MORE, WILL YA, MA—
I'VE LISTENED TO YOU ENOUGH, LEO! NOW YOU'RE DOING THE LISTENING!
DON'T GO BLOWING A GASKET IF YOU HAVEN'T GOT ENOUGH BRAINS TO KNOW—
I'VE GOT ENOUGH BRAINS TO KNOW ONE THING, SON!
HOME SWEET HOME
YOU'RE NOT GOING TO TALK THAT WAY TO YOUR MOTHER! BECAUSE BIG AS YOU ARE, YOU'RE NOT TOO OLD TO LEARN A LITTLE RESPECT FOR YOUR ELDERS!

STEVE CANYON By Milton Caniff

WHAT'S THE RACKET IN THE HALLWAY?
MISSY REDWOOD'—DOOR GUARD CATCH PROWLER NEAR ROOM OF COL CANYON NEXT DOOR—
WHY—IT'S HOLLY HALL! GUARD THIS IS THE DAUGHTER OF A U S CONSULAR OFFICER—LET HER COME TO MY ROOM
MILTON CANIFF
WHAT HAPPENED HONEY?
MY DADDY SAYS WE U S CITIZENS MUSN'T FRATERNIZE W TH YOU WHO ARE ON 'SENSITIVE' MISSIONS!
ODD THAT WE WEREN'T NOTIFIED OFFICIALLY—AND YOUR NOTE ONLY MENTIONED STEVE!
YOU READ MY NOTE?

BLONDIE By Chic Young



POP WILL YOU GIVE US MONEY TO GO TO THE MOVIES?
I WILL IF YOU TAKE YOUR SISTER WITH YOU
AW GEE DO I HAVE TO LUG MY SISTER EVERY PLACE I GO? I'M GROWN UP NOW
HERE COOKIE HERE'S MONEY FOR THE MOVIES--ASK THE BOYS IF THEY'D LIKE TO GO WITH YOU
THREE PLEASE
PRETEND LIKE WE'RE NOT WITH HER
CHIC YOUNG

SCOTT'S SCRAP BOOK By E. J. Scott

OLIVER WENDELL HOLMES EXPRESSED MANY IMPORTANT CONCEPTS OF PSYCHOANALYSIS 50 YEARS BEFORE SIGMUND FREUD, FAMED AS FOUNDER OF PSYCHOANALYSIS
SCRAPS
DO SILVERFISH NEED A WATER SUPPLY TO EXIST?
NO- WATER NEEDED FOR LIFE IS OBTAINED BY CHEMICAL PROCESSES WITHIN THE BODY.
HARDHEAD, A SHREWD UNFEELING PERSON
HARDHEAD, ANY OF VARIOUS FISHES AS THE MENHADEN, OR ANY OF CERTAIN GURNARDS OR SCULPINS
A PIGPEN IN SENEGAL IS IN THE HEART OF A GIANT BAOBAB TREE. (AFRICA)

THIMBLE THEATER

HEY! LET DOWN THAT DRAWERBRIDGE AN LET US IN ME GOOD BARON!
AND DON'T FORGET THE PORTCULLIS!
WE HAS A CLIENT FER YA T'BEAUKIFY ARF! ARF!
DUCK!
WH-U-U-NG-G
THEY'VE FIRED AN ARROW AT US! MOST UNSPORTING!
RIGHT THROUGH ME BES' CAP!
LOOK! IT HAS A MESSAGE ON IT!
RALPH STEIN & BILL ZAPPY

DICK TRACY By Chester Gould

ARE YOU SURE, TRACY?
POSITIVE!
5-3-55
ONE OF THE HOODLUMS THAT WAS CHASING RUGHEAD MUST HAVE HAD A PRETTY GOOD AIM. HE'S DEAD.
BUT RUGHEAD ALSO GOT ONE OF THEM, RIGHT AT THE MOUTH OF THE TUNNEL, AFTER WE ARRIVED.
RIGHT! THEY MUST HAVE SHOT EACH OTHER.
EASY, BOYS! REMEMBER YOU'VE GOT RUGHEAD AND 200 THOUSAND DOLLARS ON THAT RUBBER SHEET.

BIP KIRBY By Alex Raymond

I R.S.V.P.-ED R.S.-- OVER R'D HERE ARE SOME OF DADDY'S O.D LETTERS TO ME
GOOD BY THE WAY DID YOU NOTICE IF ANYONE FOLLOWED YOU?
I THINK SOMEONE DID A BIG MAN IN A CAMEL'S-HAIR COAT TOOK THE CAB RIGHT BEHIND ME...
MAYBE WE CAN SPOT HIM FROM THE WINDOW.
OF COURSE! THAT'S THE SAME MAN!
AND IF I'M NOT MISTAKEN, IT'S THE SAME BICEP I MET LAST NIGHT!

SUPERMAN By Wayne Boring

OH, CLARK, THERE'S YOUR CHANCE TO BE SUPERMAN!
HUH??
GO AHEAD, CLARK...
THIS SHOULD BE AMUSING...
YOUR PICTURE TAKEN AS SUPERMAN!
HOW DO I LOOK, LOIS?

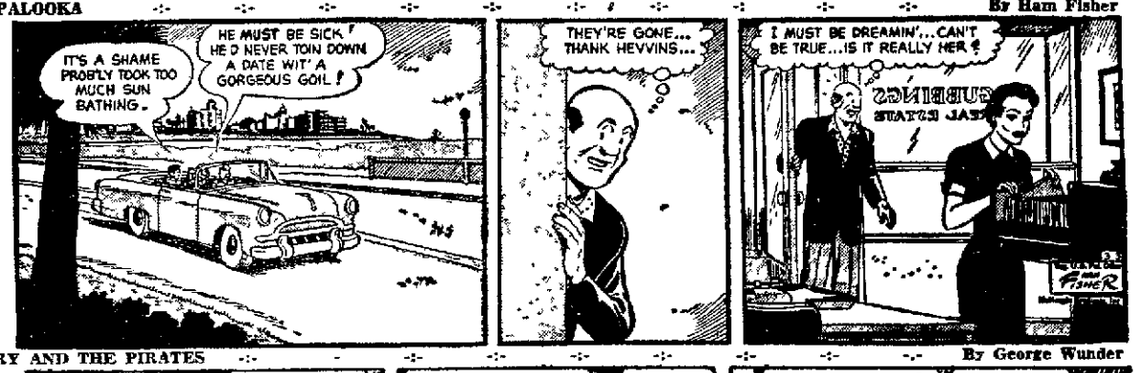
MODEST MAIDENS By Jay Allen

"Daisy Mae has another new dress Honestly, all she thinks about is clothes"

GASOLINE ALLEY By Frank King

Army admitted taking you home Marge
He couldn't very well deny that Judy
But he said you kissed him!
Well, maybe I did, a little But he was so ardent, he swept me off my feet!
Honest, I didn't mean to—but what could I do?
You aren't mad at me are you Judy?

JOE PALOOKA By Ham Fisher

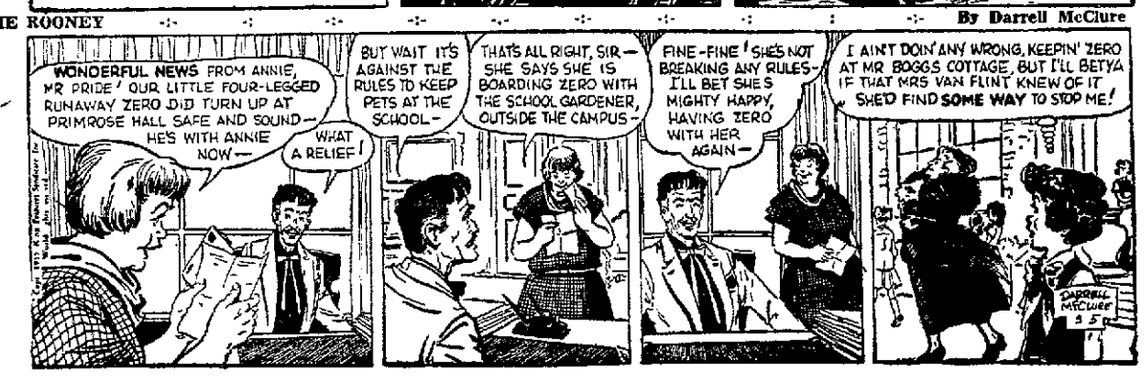


IT'S A SHAME PROB'LY TOOK TOO MUCH SUN BATHING.
HE MUST BE SICK, HE'D NEVER TOIN DOWN A DATE WIT' A GORGEOUS GOIL!
THEY'RE GONE... THANK HEVVINS...
I MUST BE DREAMIN'... CAN'T BE TRUE... IS IT REALLY HER?
SUBURBS SWATH JAM
FISHER

TERRY AND THE PIRATES By George Wunder

BURN THE MICROFILM AND SURRENDER? NO, TERRY NO! NOT AFTER MY BROTHER GAVE HIS LIFE FOR IT
SPRUCE, BABY I CAN'T LET THEM BLAST YOU! THAT LIGHT AND GUN IN THE TOWER HAS US STYMIED.
THEY CAN PIN US DOWN HERE UNTIL A FOOT PATROL COMES UP AND BLASTS US OUT WITH GRENADES
WAIT, TERRY. JUST A LITTLE WHILE MAYBE SOMETHING WILL HAPPEN.
MEANWHILE
BUT WHAT, MISS RILL? A RESCUE ATTEMPT WOULD BE AN ACT OF OPEN WAR
YOU'RE RIGHT, PAPA BRASS, BUT I'VE GOT AN IDEA...

ANNIE ROONEY By Darrell McClure



WONDERFUL NEWS FROM ANNIE, MR PRIDE! OUR LITTLE FOUR-LEGGED RUNAWAY ZERO DID TURN UP AT PRIMROSE HALL SAFE AND SOUND—HE'S WITH ANNIE NOW—
WHAT A RELIEF!
BUT WAIT IT'S AGAINST THE RULES TO KEEP PETS AT THE SCHOOL—
THAT'S ALL RIGHT, SIR—SHE SAYS SHE IS BOARDING ZERO WITH THE SCHOOL GARDENER, OUTSIDE THE CAMPUS—
FINE-FINE! SHE'S NOT BREAKING ANY RULES—I'LL BET SHE'S MIGHTY HAPPY, HAVING ZERO WITH HER AGAIN—
I AIN'T DOIN' ANY WRONG, KEEPIN' ZERO AT MR BOGGS COTTAGE, BUT I'LL BETYA IF THAT MRS VAN FLINT KNEW OF IT SHE'D FIND SOME WAY TO STOP ME!
DARRELL McCLURE

Old and Newer Furniture Now Used Together

BOSTON (UP) — You can mix the traditional and modern in your home

The effect is a charming blend of warmth and vitality. It shows verve of imagination It adds character to your home.

Unfortunately, some of our present day progressive modernists decry the use of traditional furniture in today's living. But history has proved them wrong

Constant favorites of homemakers today are the creations of the great 18th century cabinet makers Their work unexcelled in construction and ingenuity, has a personality and charm that ripens with age.

An interior decorator of taste can take these traditional pieces and combine them with our best modern The combination adds interest to rooms that might otherwise remain static,

A familiar example is the use of Shaker furniture in conjunction with contemporary furnishings

All furniture designed within the same period in the western world has a certain conformity of style that makes it fairly simple to combine with early American

Early American blends beautifully with the rustic simplicity of old pieces from England, France or Italy

It does not necessarily follow that traditional furniture must be set off against its native background —that traditional fabrics and accessories are essential

Indeed, a simple and plain background and the employment of modern textiles can often enhance period furnishings They would not then be subject to the distractions of pattern

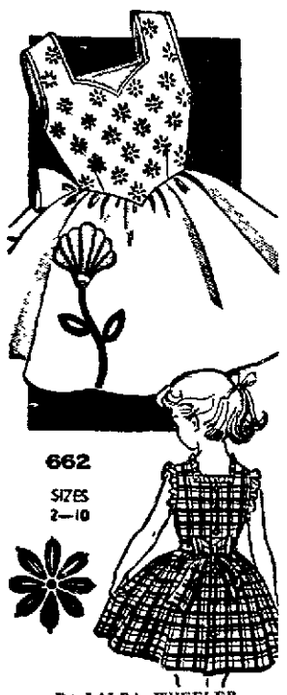
It admittedly is a challenge to the interior decorator who wants to employ traditional furniture without the attendant wood paneling and costly carved detail

But the problem can be approached with imagination and skill The result is pleasing in its freshness and undeniably reflects the personality of the home-owner

---

Mendes-France must feel a little backward these days around the French ex-premier's club considering how long it took him to make it in comparison with some of the other boys

Needle Pattern



By LAURA WHEELER

Little girls will love this dress—it has such pretty trim! Sprinkle gay daisies over the bodice, make a perky "flower pocket too Easy sewing embroidery!
